INDIVIDUAL RECORDS

Basketball records are confined to the "modern era," which began with the 1937-38 season, the first without the center jump after each goal scored. Except for the school's all-time won-lost record or coaches' records, only statistics achieved while an institution was an active member of the NCAA are included in team or individual categories.

Official weekly statistics rankings in scoring and shooting began with the 1947-48 season; individual rebounds were added for the 1950-51 season, although team rebounds were not added until 1954-55. Individual assists were kept in 1950-51 and 1951-52, and permanently added in 1983-84. Blocked shots and steals were added in 1985-86 and three-point field goals were added in 1986-87. Assists-to-turnover ratio was added in 2007-08. For triple-doubles and double-doubles, the individual had to reach double figures in two or more of the following categories: points, rebounds, assists, blocked shots or steals. Triple-doubles and double-doubles include only the years in which each category was officially kept by the NCAA. Scoring, rebounding, assists, blocked shots and steals are ranked on total number and on per-game average; shooting, on percentage. In statistical rankings, the rounding of percentages and/or averages may indicate ties where none exists. in these cases, the numerical order of the rankings is accurate.

In 1973, freshmen became eligible to compete on the varsity level. The 2021 season was abbreviated for many teams due to the COVID-19 pandemic. The minimum number of games for record book inclusion in 2021 was 13, the minimum required for NCAA championship consideration. The NCAA granted one additional year of college eligibility for all 2020-21 student-athletes.

Note: The number of drafted refers to the number of U.S. underclassmen drafted.

2019-Present

Beginning in 2019, the NCAA instituted a rule requiring players who want to retain the option of returning to college to apply for Undergraduate Advisory Committee feedback, and the NCAA/NBA provided enhanced educational outreach to the college basketball community.

#Appeared in NCAA tournament

Most-Improved Teams (Since 1974)

To determine games improved, add the difference in victories between the two seasons to the difference in losses, then divide by two. Includes postseason.

WEEK-BY-WEEK AP POLLS

Regular-Season Polls

The Associated Press began its basketball poll Jan. 20, 1949. The following are those polls, year by year and week by week. Starting in the 1961-62 season, AP provided a preseason (PS) poll. The AP did a post-tournament poll in 1953, 1954, 1974 and 1975, and then returned to releasing a post-tournament poll in 2024. If two teams are ranked the same in the same column, then it was a tie for that week.

FINAL SEASON POLLS NATIONAL POLLS

FINAL REGULAR-SEASON POLLS

The Helms Foundation of Los Angeles selected the national college men's basketball champions from 1942 to 1982 and researched retroactive picks from 1901 to 1941. The Helms winners are listed in this section to the time The Associated Press poll started in 1949. The AP is the writers poll, while the UPI and USA Today/CNN, USA Today/NABC and USA Today polls are the coaches polls.
