JETS IN THE COMMUNITY

We create impactful programing that leaves lasting legacies for our community.

Initiatives funded by the New York Jets Foundation positively influence the lives of young people in the tri-state area and provide opportunity for disadvantaged communities.

JETS PLAY FOOTBALL

The New York Jets are committed to growing the game of football, removing barriers of access, and improving safety through a comprehensive outreach program designed to provide opportunities for underserved communities to play football.

GIRLS HIGH SCHOOL FLAG FOOTBALL

Presented by Nike and Supported by Gatorade, Visa and Audi

The New York Jets, in partnership with Nike, Gatorade, Visa, and Audi continue to support the global growth of High School Girls Flag Football. We have helped launch over 200 girls flag teams in New York, New Jersey, London, and Ireland. As leaders in girls flag football since 2011, we began the first NFL Club led High School Flag Football League with the Public Schools Athletic League in New York City. In 2021, the Jets introduced a league in New Jersey which rapidly expanded, leading to the sport achieving official pilot status throughout the state. New York State, in two short years, officially recognized girls flag football as a sport in 2024 because of Jets created leagues on Long Island and in the Hudson Valley. Finally with our London and Ireland based leagues, the Jets have given the opportunity for girls to experience flag football internationally.

We believe that girls deserve the opportunity to play football and experience everything the greatest game the world has to offer. Throughout the High School Girls Flag Football season, the Jets host a Media Day, Pre-Season Invitational, produce the award-winning #EmpowHER presented by Audi docuseries and award both a Visa Coach of the Week and Gatorade Player of the Week to elevate the sport to the same level as high school boys tackle. Opportunities created by the Jets, provide character building, perseverance, teamwork and dedication skills that will empower these girls throughout every aspect of their lives.

JETS FLAG ELITE

With Jets Flag Elite, the New York Jets are the first NFL club to create a girls travel club team from the ground up. The team features top players from New Jersey and New York that will compete in local, regional, and national flag football tournaments. Jets Flag Elite's mission is to support, elevate, and empower girls flag football by giving these young athletes the opportunity to connect with the Jets team and experience football at a more professional level. The Jets are covering the majority of costs including uniforms, equipment and tournament fees to reduce any barriers of participation for the players and their families. The only expense incurred will be transportation. The resources provided will develop girls flag football at the elite level, provide pathways to college scholarships and support opportunities for the USA National team as girls flag becomes an Olympic Sport in 2028.

JETS NFL FLAG REGIONAL CHAMPIONS

Each year, the New York Jets host an NFL FLAG Regional Tournament with Reigning Champs Experiences for up to 11 age groups from 8U Coed to 17U Girls. The winning teams earn a spot in the NFL FLAG National Championships. All teams receive tickets to a Jets home game where they are recognized in-game if they win their division, $10,000 travel grants, invitations to practice at the Atlantic Health Jets Training Center, Jets swag bags, and a private party at NFL Championships where they are surprised with an alternate playoff Jets flag jersey.

FLAG FOOTBALL x COMMUNITY AGENCIES

The Jets fund and create flag football opportunities for children ages 5-18 to enjoy America's favorite sport. Players benefit by being physically active through non-contact, continuous action while learning the fundamentals of football, lessons in teamwork, and sportsmanship. The New York Jets annually support the NYC Police Athletic League (PAL), NYC Department of Parks & Recreation, NYC Department of Education, CHAMPS After School Sports Program, and several Boys and Girls Clubs to operate NFL FLAG Football programs. Over 5,000 New York Metro Area youth can play flag football at no cost and participants are given a free Jets NFL FLAG Football jersey.

PLAY 60 IN-SCHOOL FLAG FOOTBALL PROGRAM

The Jets PLAY 60 Flag Football Program comprises 6th Grade students from 10 local middle schools where the Jets provide flag belts, jerseys and footballs to operate a flag football unit. All participating schools encouraged students to participate in at least 60 minutes of physical activity every day while learning the game of football. As a culmination, each school competes in a tournament at the Atlantic Health Jets Training Center. Two students, one boy and one girl, from each participating school, will receive tickets to a Jets home game to lead the team out of the tunnel.

PUBLIC SCHOOLS ATHLETIC LEAGUE

In 2001, the New York Jets formed a community partnership with the Public Schools Athletic League (PSAL) to provide support to New York City public school football programs. Through an annual matching grant from the NFL's Youth Football Fund, the New York Jets now donate $100,000 to the PSAL's football programs. The funding offsets the cost of reconditioning every student-athletes' helmet and has helped to create 15 new and developmental football teams. Beyond these grants, the Jets support the PSAL in a variety of other ways including honoring the PSAL football champions at a home game during the NFL season.

JETS UNIFIED FLAG FOOTBALL

The New York Jets, in collaboration with Special Olympics New Jersey and New York, created Unified High School Flag Football Leagues. 20 schools across both states competed in a regular season that culminated in semifinal and championship games at Atlantic Health Jets Training Center and MetLife Stadium. Unified Sports® joins individuals with and without disabilities (known as Unified partners) on the same team. Dedicated to promoting social inclusion through shared sports training and competition experiences, it was inspired by a simple principle: training together and playing together is a quick path to friendship and understanding. Each team received uniforms, footballs, flag belts, and practice jerseys along with grants to help off-set any costs associated with participating. The Jets and Special Olympics New Jersey and New York hope this league serves as a pilot for the states to offer Unified Flag Football as an official sport for high schools in the future.

HIGH SCHOOL COACH OF THE WEEK Presented by VISA

During the boys tackle and girls flag football seasons, the Jets announce a High School Coach of the Week from coaches in the tri-state area. These coaches serve the best interests of the game through the teaching of sound football fundamentals, the motivation of young players to achieve, and the promotion of youth football by way of dedication to their community, their school, and their student-athletes. Each week the winner is awarded with a grant for their high school's football program. In addition to the weekly award, a Coach of the Year is selected at the end of the high school season. All winners are honored on-field during a Jets home game.

NEW YORK JETS HIGH SCHOOL PLAYER OF THE WEEK Fueled by Gatorade

Throughout the boys tackle and girls flag football seasons, the Jets and Gatorade honor a high school player of the week. The player will receive a $1,000 donation from the Jets and Gatorade in their name to support their high school boys tackle or girls flag football program. The player is recognized throughout the Jets social media platforms and on-field during Jets home games.

NEW YORK JETS 11-ON TOURNAMENT Presented by Nike and Fueled by Gatorade

Annually, the Jets and Nike host a high school 11-ON football tournament for up to 40 schools over the course of three days in the summer and is comprised of both a traditional 7v7 tournament, as well as a linemen challenge. The tournament is free of charge to all schools and participants received a complimentary pair of Jets branded shorts and Gatorade products, courtesy of the Jets, Nike, and Gatorade. The 7v7 and linemen challenge champions are invited to a Jets home game and honored on-field.

JETS HIGH SCHOOL FOOTBALL MEDIA DAY Presented by Nike

Each August, the New York Jets, Nike, and Super Football Conference (SFC) kickoff the High School Football season with our annual Media Day at MetLife Stadium. The event has more than 450 players and coaches from over 100 teams in the conference. Each head coach and three players from participating schools field questions from the media throughout the program. Additionally, coaches and players are made available for one-on-one interviews. Finally, all players attend a media training and sportsmanship session with Jets Legends and Media personalities. The SFC is composed of over 110 high schools and is the largest football conference in the country.

INSPIRE CHANGE

As part of the New York Jets social justice, inclusion and diversity efforts, the Jets annually support five partner organizations with the goal of reducing barriers and creating opportunities for individuals in need. These organizations - All Stars Project, Innocence Project, New York Urban League, STOMP Out Bullying, U.S. Center for Mental Health and Sport, and Year Up - each receive critical funding and resources from the Jets to further their missions.

Additionally, New York Jets players, coaches and staff have volunteered their time to work with our partner organizations in different capacities. Volunteer opportunities include mentorship with students from Year Up and Urban League, a listen and learn with Innocence Project and Operation Conversation with All Stars Project. These opportunities have allowed staff members to be involved and enact change within the community.

CHARITABLE PARTNERSHIPS

The New York Jets are committed to giving back to our community. That is why we partner with numerous charitable organizations throughout the tri-state area. We are proud to help further the mission of these critical programs which truly make a difference in the lives of many people.

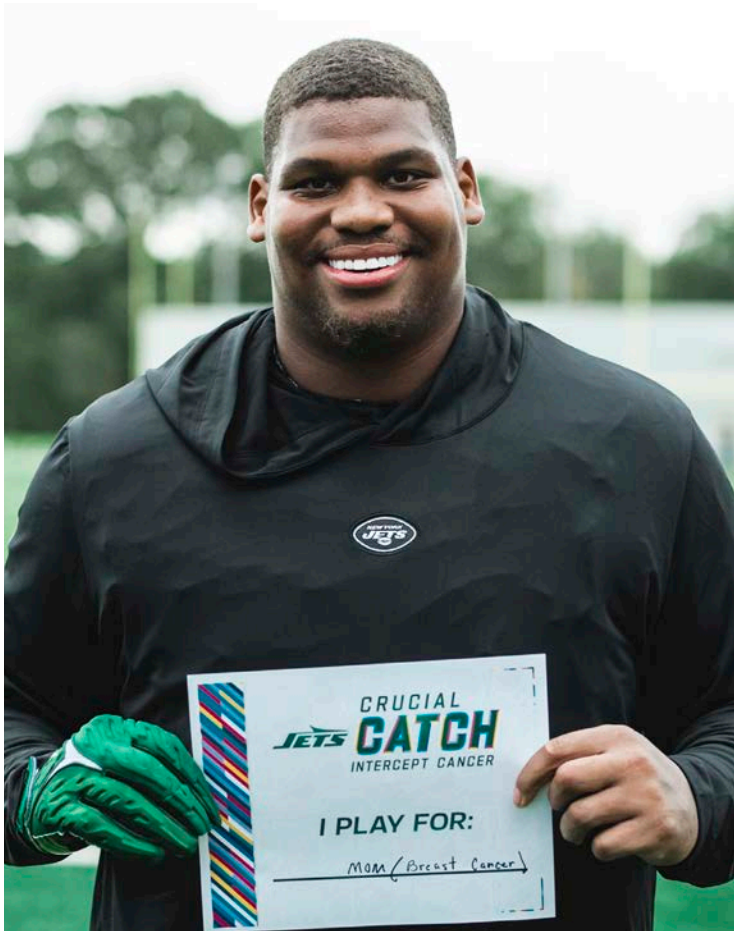
LUPUS RESEARCH ALLIANCE

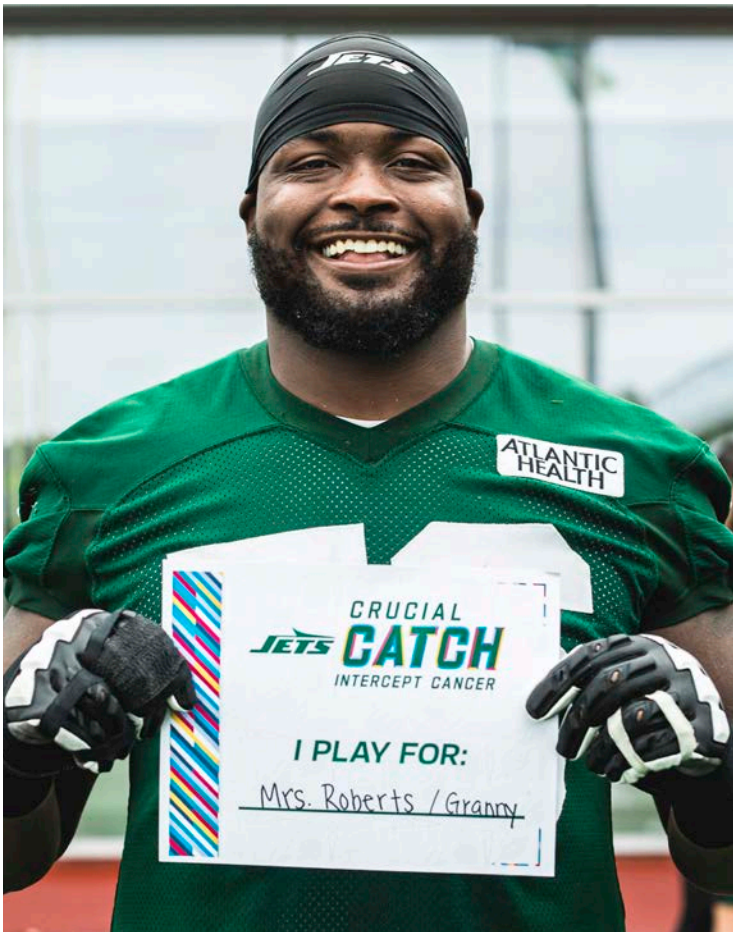
The New York Jets organization is deeply committed to supporting the Lupus Research Alliance, the world's largest private funder of lupus research -- co-founded by Robert Wood Johnson, a member of the founding family of Johnson & Johnson, and chairman of the New York Jets. Putting people with lupus at the center of all its work, the mission of the Lupus Research Alliance is to drive the discovery and development of next generation lupus diagnostics and curative treatments through innovative research and collaborations. Lupus is a chronic, complex autoimmune disease that affects millions of people worldwide. In lupus, the immune system meant to defend against infections, produces autoantibodies that mistake the body's own cells as foreign, causing other immune cells to attack organs such as the kidneys, brain, heart, lungs and skin, as well as blood and joints. The Lupus Research Alliance is committed to scientific research as the most powerful way to improve the lives of people living with lupus today and over the long term. The organization has supported the most promising biomedical research leading to key discoveries that are improving diagnosis and treatment, while helping scientists find mechanisms that will ultimately prevent and cure the disease. The Lupus Research Alliance has invested $270+ million to more than 660+ lupus research projects at the most prestigious universities, medical schools, and hospitals throughout the world. By pushing the limits of scientific exploration and shepherding new discoveries into potential treatments, the organization seizes every opportunity that will help ease the burden of people living with this difficult disease.

Since 2001, the New York Jets continue to increase awareness of lupus and help raise much needed funding for research through the Walk with Us to Cure Lupus program, proceeds from the annual New York Jets Kickoff Luncheon, and other events in the tri-state area. As the Board of Directors covers all administrative and fundraising costs of the organization, 100% of all donations go directly to funding research programs. To find a Walk near you, visit walk.lupusresearch.org or call toll free, 800-867-1743.

CRUCIAL CATCH

The New York Jets and Atlantic Health System are continuing their fight against pediatric cancer as part of the NFL and American Cancer Society's "Crucial Catch: Intercept Cancer" campaign. Each year, the Jets recognize children who are undergoing or have completed treatment at the Valerie Center at Goryeb Children's Hospital, part of Atlantic Health System, as virtual honorary captains. For more information on how to help the Jets and Atlantic Health System fight pediatric cancer, please go to AtlanticHealth.org/Jets.





GORYEB CHILDREN'S HOSPITAL

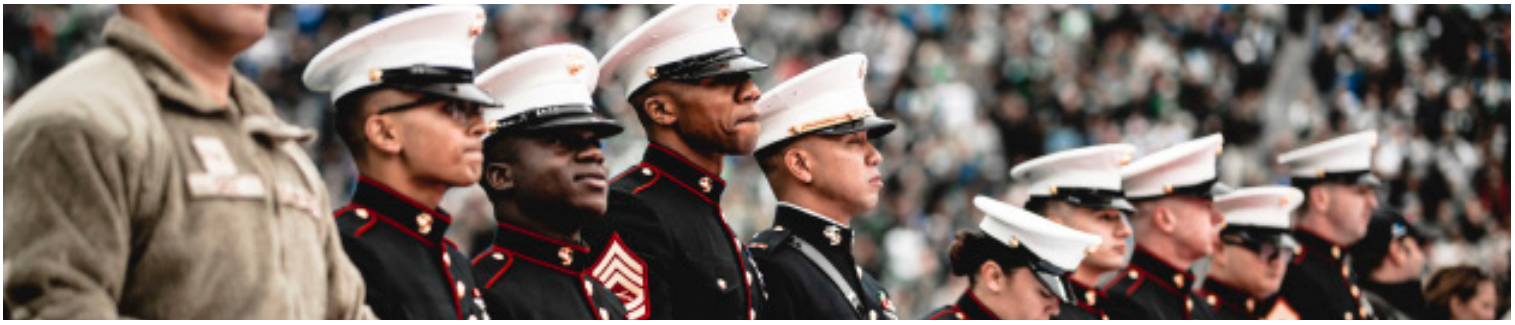
Located on the campus of Morristown Medical Center and part of Atlantic Health System Children's Health, Goryeb Children's Hospital is a nonprofit, state-designated "Children's Hospital" – an earned recognition from New Jersey and the national Children's Hospital Association. With more than 250 community pediatricians on staff and more than 100 board-certified pediatric specialists, they're northern New Jersey's leading specialized pediatric hospital and number one in the state for the treatment of pediatric cancer. To meet high demand, Goryeb Children's Hospital is currently expanding its Pediatric Intensive Care Unit (PICU) and adding inpatient beds. These spacious private patient suites will feature the latest equipment and rooming-in accommodations for parents, as well as a dedicated pharmacy for improved safety and quality of care. Throughout the year, Jets players visit patients at Goryeb Children's Hospital on the off-days.

SOLDIERS TO SIDELINES Presented by Verizon

The New York Jets and Verizon have pledged their ongoing support for Soldiers To Sidelines to develop service members and veterans to become excellent coaches and connect them to teams in their communities. During the week leading up to the Jets Salute to Service Game, the team will host a New York Jets Virtual Football Coaching Certification Seminar for over 100 participants. Then prior to the game, the Jets will host over 30 of these participants in-person for a full day of strategic coaching seminars and classes. Over the course of the program, they will learn the process of becoming a football coach. All participants will earn coaching certificates following the seminar. The Soldier Coaches will be armed with coaching knowledge and techniques along with connections to the athletic community. Soldiers to Sidelines is a non-profit organization who believes that our service members can have a meaningful and lasting impact on others through athletics.

SALUTE TO SERVICE

Salute to Service is the Jets and NFL's year-round effort to Honor, Empower, and Connect with our nation's service members, veterans and their families. Salute to Service is highlighted in NFL games during Weeks 10 - 12, where the Jets traditionally give complimentary tickets to service members, host an enlistment ceremony, display a military-themed National Anthem and donate proceeds from the 50/50 raffle to the Stephen Siller Tunnel to Towers Foundation smart home program for disabled veterans. Additionally, the Jets recognize and celebrate First Responders at a selected regular season home game. Workers from local hospitals, fire departments,and police stations are honored throughout the game and integrated into the game presentation.



UNITED WAY

Since 1973, United Way, the NFL, and the New York Jets have had the most visible and longest-running charitable collaboration of its kind. Every year, thanks to community service projects and public service announcements, millions of Americans learn about United Way's vital work and the volunteer spirit of the NFL.

Combining their rich histories of active community involvement, United Way of New York City, United Way of Northern New Jersey, United Way of Essex and West Hudson, and the New York Jets have teamed up to drive home the importance of community involvement. Their community outreach efforts include the Hometown Huddle, an annual hands-on volunteer project with players, the Gridiron Gala, New York City's premier charity event, Character Playbook, an innovative digital learning experience that uses evidence-based strategies to educate students on how to cultivate and maintain healthy relationships during their critical middle school years and Tix for Kids, a charitable ticket turn-back program for season ticket holders.

The New York Jets implement Tix For Kids with the United Way of New York City. The charitable ticket distribution program was created in 2003 to give season ticket holders an opportunity to donate their tickets to underprivileged children. This program allows numerous children to experience the excitement of the NFL first-hand as many of them have never attended a professional football game.

United Way of New York City makes these donated tickets available to children and youth participating in their programs via community-based organizations throughout New York City, including Children's Aid Society, East Side House, Good Shepherd Services, Partnership with Children, Sports & Arts in Schools Foundation, and many others.

Log in to your My Jets Account at am.ticketmaster.com/nyjets. There is no charge for this service. Upon receipt of your ticket donation, United Way will issue a written letter of confirmation recognizing your charitable donation for tax purposes.

HOMETOWN HUDDLE

The Jets and United Way's Hometown Huddle is an annual service project that provides the Jets Women's Organization and Jets rookie class the opportunity to participate in a community service project together. Each year, the Jets Hometown Huddle consists of building a Jets PLAY 60 fitness zone in New Jersey. Last year's recipient was Head Start of Morris County. Since 2008, the New York Jets have donated over $1,195,000 to complete 16 PLAY 60 Fitness Zones.

UNITED WAY GRIDIRON GALA HOMETOWN HERO

Each May, the United Way recognizes and honors a Hometown Hero at the Gala from the New York Jets who has made outstanding contributions to community service. Established in 1994, the Gala has raised more than $2 million annually to help fund United Way of New York City's impactful initiatives in strengthening the quality of early childhood education, reducing high school dropout rates and supporting at-risk youth in achieving academic success throughout our five boroughs of New York City.

JETS

ATLANTIC HEALTH JETS TRAINING CENTER

Located at ***ONE JETS DRIVE*** in Florham Park, NJ, the Atlantic Health Jets Training Center has been the headquarters of the Jets since its official ribbon cutting on September 2, 2008. Designed by Skidmore Owings + Merrill, the 224,000 square-foot complex sits on nearly 100 acres of open space and provides players, coaches, and staff with a best-in-class facility to learn, practice, and work within 30 minutes of both MetLife Stadium and Newark Liberty International Airport.

UNDER THE SAME ROOF

Prior to the opening of the Atlantic Health Jets Training Center, the team's operations were split between two locations. Located on the campus of Hofstra University, Weeb Ewbank Hall housed the players, coaches, and football support staff, while the business operations staff were located in New York City.

In the creation of the new facility, Chairman Robert Wood Johnson looked to unite all elements of the franchise under one roof. In the Atlantic Health Jets Training Center, the organization now has a building that seamlessly combines the operations of both the football and business departments. Equipped with open-concept workstations and state-of-the-art technology to create an efficient and friendly work environment, the training center was a major contributing factor in the team being named one of Inc. Magazine's Top Small Company Workplaces in 2010. An outdoor terrace, which overlooks the practice fields, provides a business entertainment area for both the team and its corporate partners.

Atlantic Health System

HISTORY

With a relationship that began in 2006, the New York Jets and Atlantic Health System agreed on a 12-year naming deal for the new facility in 2007. The agreement was renewed by both parties in 2018, lasting until 2029.

HIGHLIGHTS

- 224,000-square-foot facility on a 100+ acre campus
- Five full-length fields
- Permanent scoreboards for each field
- More than 75 miles of data cabling
- 11,000-square-foot weight room
- 10 state-of-the-art classrooms
- 60 large-screen TV monitors

FOOTBALL FACILITIES

Featuring state-of-the-art training and medical facilities that combine the latest advances in rehabilitation pools, high-performance equipment, and nutrition, the Atlantic Health Jets Training Center also has five full-size football fields: three natural grass and two FieldTurf Classic HD fields, one outdoors and another indoors in the Field House, each with a permanent scoreboard. Additionally, the goalposts on two of the natural grass fields can be repositioned 90 degrees to help minimize some of the wear throughout the season. With a first floor that is all football, the facility houses a 5,500-square-foot locker room, an 11,000-square-foot weight room, and a 10,000-square-foot cafeteria.

As a “graduate school for football” - an element that was important in the design of the building - the Atlantic Health Jets Training Center has more than 25,000 square feet of space dedicated to classrooms and instruction space, including 10 classrooms. The classrooms also provide direct access to both the indoor and outdoor practice field, allowing for seamless transition between classroom and practice.

TRAINING CAMP

For the ninth consecutive year, the New York Jets will host training camp at the Atlantic Health Jets Training Center, in addition to all team mini-camps and organized team activities.

From 2017-25, with the exception of closed practices in 2020 due to the COVID-19 pandemic, the facility has welcomed over 35,000 Jets fans to camp. Fans are able to take advantage of covered bleachers for enhanced viewing, a shuttle service to and from the parking lot, water and sunscreen stations close to the field, cooling zones, and a fan zone fully equipped with family-friendly activities. Additionally, Jets Fest, a training camp tradition since 1997, features kids activities and experiences, the Jets Shop merchandise tent, interactive games, photo opportunities, music, and a concession with food and beverage for purchase. Admission and parking are free.

LOCKER ROOM

Unveiled in the summer of 2025, the New York Jets introduced a fully renovated, state-of-the-art locker room spanning more than 10,000-square-feet, highlighted by an iconic Jets logo suspended from the ceiling and illuminated by over 500 individual LEDs. Designed entirely in-house, the space features 92 personalized lockers, each weighing over 1,000 pounds, and equipped with a lay-flat seat and dividers ensuring both comfort and privacy. Each locker is also custom built to include integrated video screens displaying the player's name, number, and highlights. The lockers also feature USB, power outlets, and wireless chargers, an electronically controlled safe for valuables, and a first-of-its-kind motorized video screen that lifts to reveal hidden storage for equipment and shoulder pads.

Beyond the lockers, the upgraded facility includes a Jets-branded barber shop, a revamped wet zone with new showers, sinks, and bathrooms, an expansive sauna that reaches an internal temperature of 198 degrees, and a content display wall to showcase highlights and videos.

The unveiling marked the culmination of more than a year of planning and execution. Initial design meetings began in March 2024, with construction officially breaking ground on June 2, 2025, and concluding just in time for the start of training camp.

The renovation reflects the organization's commitment to innovation, performance, and player experience—setting a new benchmark for locker room design across the NFL—while also marking the beginning of extensive renovation plans throughout the Atlantic Health Jets Training Center, designed to keep the facility modern and a space that players and staff are proud to call home.

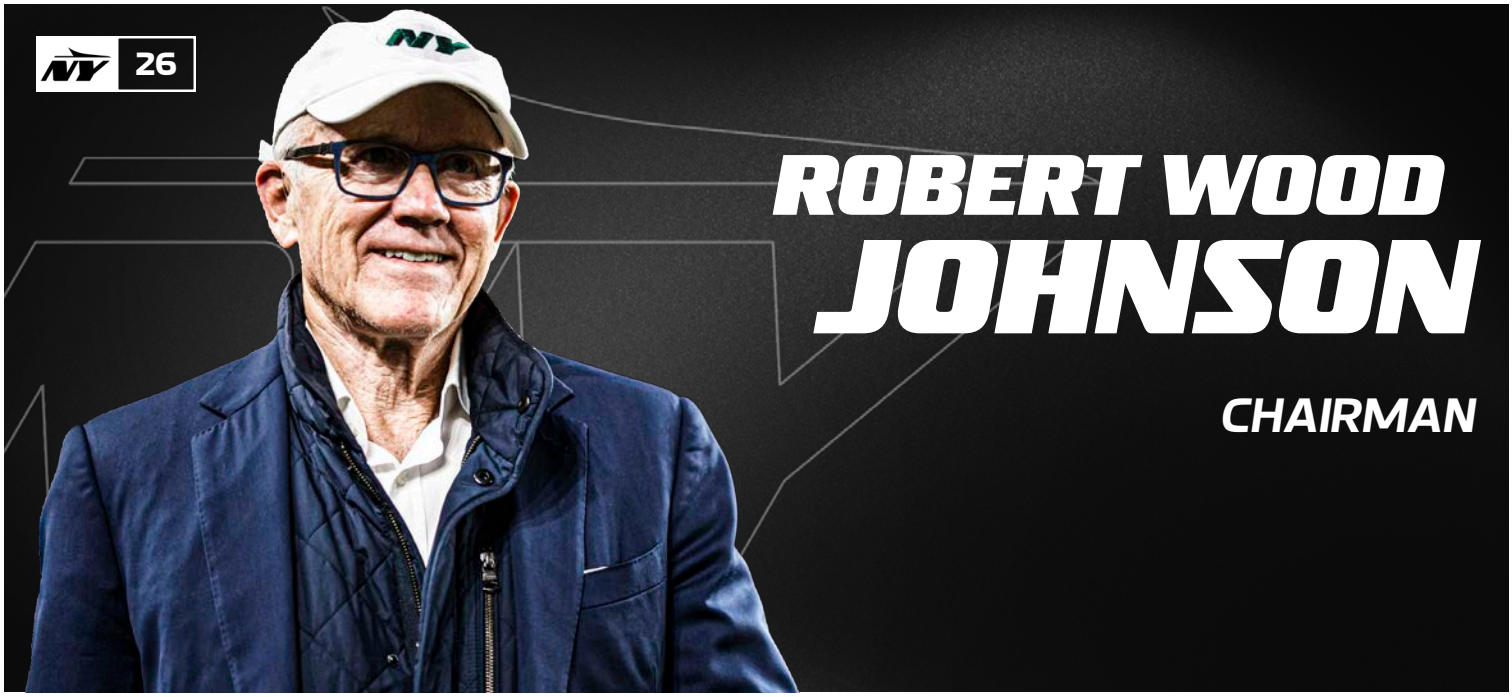
EXECUTIVE STAFF



ROBERT WOOD JOHNSON

CHAIRMAN

Robert Wood Johnson, a member of the founding family of Johnson & Johnson, has built upon his family's proud legacy of achievement as a successful businessman, compassionate philanthropist, civic leader, and diplomat.

Upon purchasing the team in 2000, Johnson established his commitment to a culture of success built on three key elements: passionate players, supportive fans, and a new stadium. Under his leadership, the Jets entered their new home field, MetLife Stadium, an award-winning venue that has been ranked as the #1 highest grossing venue in the world, recognized by Billboard as stadium of the decade, and the host of the 2026 FIFA World Cup Final. He also moved the Jets into the Atlantic Health Jets Training Center, a world-class 224,000 square-foot complex that united the entire organization, and provided the perfect facility for everyone—players, coaches, and staff—to continually improve and excel.

Ambassador Johnson led the search process for the team's head coach and general manager vacancies, which began during the 2024 season. He implemented a comprehensive, 360-degree hiring approach, focused on researching, identifying, and interviewing qualified candidates to gain a thorough understanding of their capabilities, cultural fit, and potential to lead the organization to a world championship. Johnson also embraced emerging technologies, incorporating artificial intelligence to provide an additional layer of insight. He held informational meetings with former NFL head coaches and executives and partnered with psychological professionals who worked alongside the team to assess each candidate's strengths and weaknesses, and to develop models that could predict their likelihood of success.

Johnson's approach led to a modernized, data-informed hiring process that integrated football expertise with advanced analytics and behavioral insights, setting a new standard for how teams and businesses approach leadership searches. His strategic vision ushered in a new era for the organization, now under the direction of Head Coach Aaron Glenn and General Manager Darren Mougey. Glenn, a 15-year NFL veteran, was selected by the Jets in the first round of the 1994 NFL Draft and previously worked with the Ambassador as both a player and as a scout. Mougey got his start in the League as a scouting intern with the Denver Broncos and worked his way up to assistant general manager in just 10 years.

In 2017, Johnson was appointed the U.S. Ambassador to the United Kingdom. As ambassador, he strengthened the 'Special Relationship' between the US and the UK, by promoting security and economic prosperity over a range of issues from trade to cyber security policies. While in London, the Ambassador resided in the historic Winfield House, receiving world leaders including Her Majesty Queen Elizabeth II and on multiple occasions, President Donald Trump. Ambassador Johnson led the relocation of over 1,000 employees from the Embassy's historic location at Grosvenor Square to a new state-of-the-art headquarters at Nine Elms. When the pandemic struck London, he then directed those employees in the remote, effective, and efficient operation of the Embassy to continue to serve and promote the United States' interests in the United Kingdom. Throughout his tenure at the Embassy, Ambassador Johnson engaged with government leaders and the British people, traveling extensively throughout the United Kingdom and Northern Ireland to hear local concerns and emphasize the 'Special Relationship.'

Beyond the field, Ambassador Johnson's philosophy of a successful team celebrates the crucial role of fans, as well as the significant role the team plays in the community. In this spirit, the team, through the New York Jets Foundation, positively influences the lives of young people in the area by expanding youth football, preventing bullying, and promoting social justice, particularly in disadvantaged communities. Among the Foundation's programs is the Jets and Nike Girls Flag Football League, encompassing both New York and New Jersey. Launched in 2021, the league has seen over a 1,000% increase in participating teams in just four seasons, sparking New York and New Jersey to officially sanction the sport a varsity and pilot program in each state respectively. Ambassador Johnson's support for girls' flag football garnered industry recognition, as the Jets were honored with a 2024 Front Office Sports Most Impactful Award and received an ESPY nomination for Sports Humanitarian Team of the Year in 2023. Most recently, Johnson supported the creation of the first NFL Girls Flag Football League in both the United Kingdom and Ireland.

In 2022, the Jets announced a $1 million donation to help aid the people of Ukraine, with the money distributed among various organizations, each receiving $100,000, over the course of a year. For Johnson, the events in Ukraine are personal; his wife, Suzanne, grew up in a Ukrainian neighborhood in New York. Her mother, Marie, was born to Ukrainian immigrant parents while Suzanne's father, Stefan Ircha, was originally from Ternopil, a town outside of Kyiv, and immigrated to the United States after WWII. In 2022, the Johnson family traveled to Poland to meet with Ukrainian refugees and understand firsthand how the unprovoked invasion has impacted their lives.

Chief among Ambassador Johnson's healthcare initiatives is the support for lupus research. In 1999, he founded the Alliance for Lupus Research (now the Lupus Research Alliance). This was the first organization devoted exclusively to finding new methods to prevent, treat, and ultimately cure lupus. Thanks to his leadership, the organization has dedicated more than $259 million for research grants and achieved the major milestone of funding research which set the stage for the recent FDA approval of three new treatments for this autoimmune disease.

Over many years, Ambassador Johnson has been active in philanthropy and civic affairs, including past roles as an Honorary Trustee of the Wildlife Conservation Society and a past board member of the National September 11 Memorial & Museum at the World Trade Center and the Peregrine Fund. The Ambassador also served as a Trustee and a Trustee Emeritus of the Robert Wood Johnson Foundation, the nation's largest philanthropic organization devoted exclusively to promoting health and healthcare for Americans.

Currently, the Ambassador is an active member of the NFL's Finance Committee, Investment Committee, and Stadium Committee.

Christopher Johnson has overseen pivotal changes within the organization and has been a key part of the New York Jets leadership since 2000.

Most recently, Johnson played an instrumental role in the search process that led to the hires of Head Coach Aaron Glenn and General Manager Darren Mougey.

Johnson is well respected and has built strong relationships with people throughout the NFL. In 2020, during the global pandemic and social unrest, Johnson addressed the team and discussed how they all—Johnson, coaches, executives, and players—could use their powerful platform to influence positive change. He proudly stood with the players and worked with them on initiatives promoting more inclusivity. These efforts continue today.

Johnson currently serves as an active member of the NFL's Media Owned and Operated committee.

Johnson is active in various educational endeavors and local philanthropy, supporting a range of initiatives, including charter school construction, youth sports and the encouragement of public discourse and exchange of ideas through debating societies.

Hymie Elhai *(pronounced HI-me EL-hi)* begins his seventh season as the president of the New York Jets after his appointment in 2019. Now in his 26th year with the team, Elhai's impact is felt throughout the organization.

Under Elhai, who has garnered League and industry respect by his peers during his tenure, the Jets have solidified their business staff's senior leadership, as he oversees all team business operations. Elhai's leadership has helped the Jets reach unprecedented growth through all aspects of the business, including sponsorship, sales, and content, leading to several organizational accolades and industry recognitions, including a 2023 NJBIZ Best Places to Work honor. Entrusted by Chairman Robert Wood Johnson, Elhai has helped form the foundation that has moved the Jets toward their goal of being a sustained, winning, and innovative franchise on and off the field.

Elhai has remained committed to redefining the organization through his steady hand of leadership and strategic planning, by setting clear goals and a mission that fosters a cohesive environment and a standard of excellence. To that end, this offseason, Elhai worked closely with team ownership on the search process that led to the hires of Head Coach Aaron Glenn and General Manager Darren Mougey, signifying a new era for the team. Elhai has played a pivotal role in facilitating a seamless transition for the newly hired football leadership, ensuring organizational alignment across ownership, football operations, and the business staff.

Throughout his tenure as President, Elhai has prioritized organizational efficiency by fostering and encouraging cross-departmental collaboration. He recognizes that the mission extends beyond internal operations alone, placing a strong emphasis on business initiatives that elevate fan engagement and deliver a more personalized fan experience.

In partnership with the New York Giants and MetLife Stadium, Elhai helps oversee MetLife Stadium, the home of the Jets and the host of premier events including the 2026 FIFA World Cup Final. He played a pivotal role in the building's naming rights deal, a 25-year agreement established in 2011. The venue has been named the "Highest Grossing Stadium of the Year" nine times by Billboard during Elhai's tenure, the most by any stadium in the world since its opening in 2010.

Ahead of the 2024 season, Elhai oversaw the launch of the organization's rebrand, featuring three versions of the new "Legacy Collection" uniforms, in addition to updated primary and secondary logos. Throughout the process, Elhai emphasized a commitment to progress, remaining innovative, and delivering excellence to players and fans with a timeless look that honors the team's heritage.

Elhai originally started with the organization as an intern in 2000 and has since held a variety of leadership positions, culminating in his appointment as team president. Most recently, he served as the club's senior vice president, business affairs and general counsel, where he was responsible for all legal aspects of the team, including sponsorship, licensing, event, digital media, production and broadcasting agreements, and all employment related matters. Additionally, in that capacity, Elhai helped the football administration on all planning initiatives.

A Sports Business Journal Forty Under 40 honoree, Elhai received the Distinguished Alumni Award from Rutgers School of Law at their Alumni Recognition Gala in October 2021. He currently serves as a member of the NFL's CBA player benefits plans committee.

Elhai is a graduate of Rutgers Law School and The Johns Hopkins University.

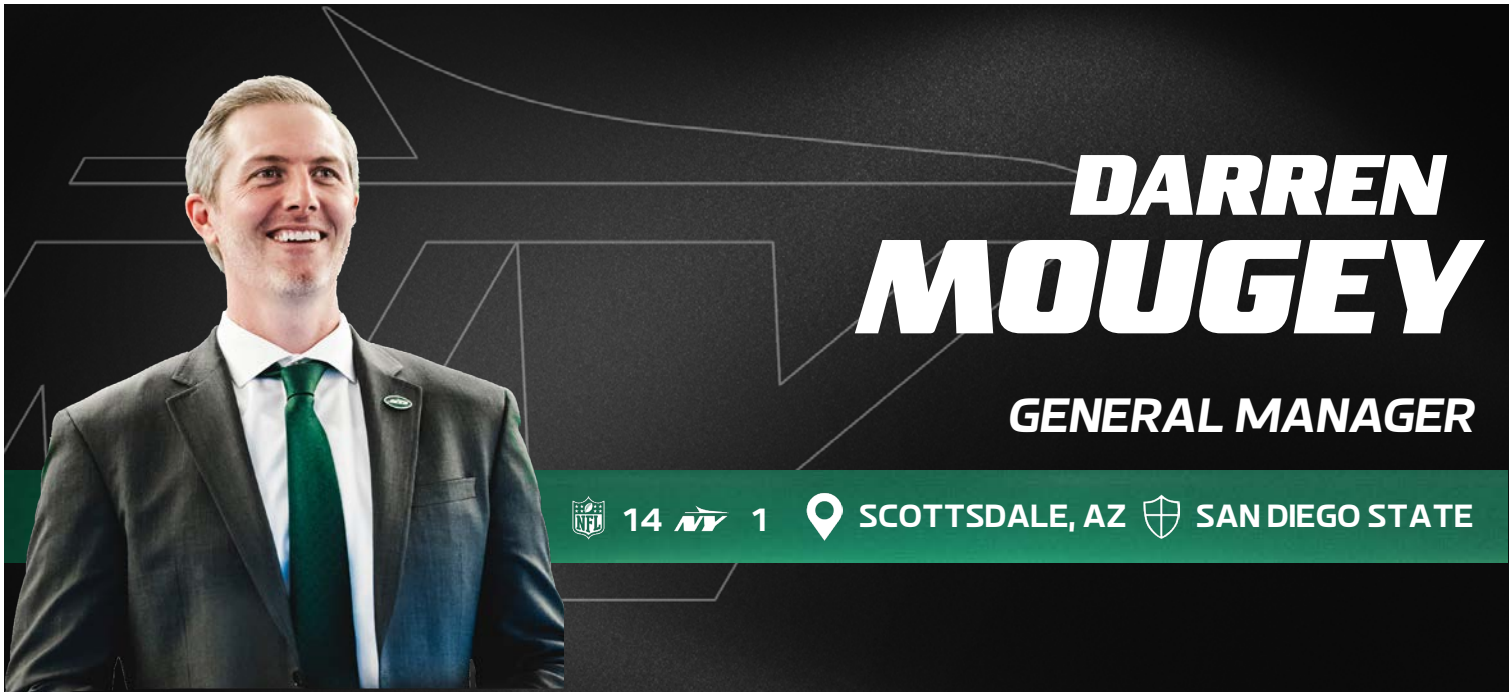
PERSONNEL STAFF



Darren Mougey *(pronounced: MOO-GEE)* was named general manager of the New York Jets on Saturday, January 25th, 2025. Mougey brings over a decade of NFL personnel experience to the Jets after working with the Denver Broncos for the last 13 seasons, where he rose from scouting intern to assistant general manager in just 10 seasons.

"Darren is a trusted NFL executive who has experience working with an impressive collection of football leaders," said Jets Chairman Robert Wood Johnson. "He is a proven talent evaluator who impressed us with his vision for this team. His partnership with Coach Glenn will revitalize this organization. I am proud of the thorough search we undertook and that it led us to the two best individuals to lead our football team going forward."

Mougey's front office journey started in 2012 as a scouting intern, as he climbed the ranks to assistant general manager (2022-24). For the Broncos, he held six different roles within the personnel department for three different owners/chief executives, two different general managers, and six different head coaches. Noteably, he worked as an area scout in 2015 when the Broncos won Super Bowl 50. In his 13 seasons with the club, Mougey was part of four AFC West titles (2012-15), two AFC Championships (2013, '15), and one World Championship (2015).

"I could not be more excited to take on this responsibility with Aaron Glenn as we work to build a championship team that will make the Jets fans proud," Mougey said. "Every successful team has alignment with its leadership, and it starts at the top, with ownership. It includes the head coach, and the general manager, and the president to build a world class organization, and we have that here with the Jets."

"I will lead our personnel staff as we acquire, develop, and work to retain players that fit our team and culture, and we will do this in complete partnership with the coaches. Our philosophy will be to draft, develop, keep our own, and be disciplined and strategic in free agency. There is no more important part of any sports organization than the players, period. It's about the players, and we have a good foundation of players here right now that we're going to continue to add to, and we're going to give those players everything they need to be successful and reach their potential."

In his most recent role as assistant general manager (2022-24) for the Broncos, Mougey assisted general manager George Paton in all personnel decisions, and before that as the director of player personnel (2021), he oversaw the day-to-day operations of the pro and college scouting departments. Since 2021, the Broncos have had nine All-Pro seasons by six different players, with five of them, Zach Allen, Nik Bonnito, Quinn Meinerz, Marvin Mims, and Patrick Surtain II, drafted or signed in that span.

As Denver snapped an eight-year postseason drought in 2024, Mougey helped acquire all but four of the 26 players that started at least five games for the Broncos in his four years as director of player personnel and assistant general manager.

Of those 26 players, 13 were drafted or signed as undrafted free agents, with seven of the 13 selected in rounds four through seven or signing after not being selected. The Broncos had only two first-round picks in the last four years, selecting All-Pro cornerback Surtain II (2021) and starting quarterback Bo Nix (2024).

Among his key pro defensive acquistions, defensive lineman Allen registered a single-season best in sacks (8.5) in 2024 after signing in 2023, while safety Brandon Jones logged a single-season high in interceptions (three) in 2024 after signing in the same offseason.

A former player himself, Mougey was a quarterback and wide receiver at San Diego State (2004-08). A quarterback his first three seasons, he threw for 615 yards and two touchdowns, sharing a quarterback room in 2004 with Vikings Head Coach Kevin O'Connell and Jets Offensive Coordinator Tanner Engstrand. He spent his final two seasons with the Aztecs at wide receiver, where he caught 66 passes for 805 yards and six touchdowns.

An undrafted free agent signing by Atlanta following the 2009 NFL Draft, Mougey spent time in training camp with the Falcons (2009) and Cardinals (2010) before beginning his career in the front office with the Broncos (2012).

A Scottsdale, AZ native, Darren and his wife, Hannah have two children, Emmett and Marlow.

"I believe there is a type of brand that we want our players to play with and it's a physicality, it's a toughness. You're going to feel it, but it's smart, tough, aggressive, resilient players."

RICK SPIELMAN

SENIOR FOOTBALL ADVISOR

Rick Spielman joins the New York Jets as the team's senior football advisor with over 30 years of NFL experience, including 10 seasons as the general manager for the Minnesota Vikings. In his role, Spielman assists general manager Darren Mougey with the football operations department, while using his extensive experience to help evaluate college prospects and pro players to assist in roster construction.

Spielman was hired as the general manager of the Vikings in 2012, following six seasons as their vice president of player personnel. He was named NFL Executive of the Year by Pro Football Weekly in 2017 after leading the team to a 13-3 record, tied for the best in the League, an NFC North title, and an appearance in the NFC Championship Game. Spielman concluded his time in Minnesota following the 2021 season as one of the longest-tenured general managers in the NFL, having won 87 games across 10 seasons, the 11th most in the League, and reaching the playoffs four times.

In Minnesota (2007-21), Spielman drafted 16 Pro Bowl players, highlighted by WR Justin Jefferson, who became just the second rookie wideout in the NFL to earn second-team AP All-Pro honors, and RB Adrian Peterson, who became the 18th running back in League history, and the most recent running back, to win MVP honors (2012). He drafted 18 players who went on to earn All-Rookie honors.

Prior to Minnesota, Spielman spent 16 seasons in front office roles with Detroit, Chicago, and Miami. He entered the League as a college scout with Detroit where he spent seven seasons (1990-96), adding pro scouting responsibilities for his final two years (1995-96). He won two NFC Central titles with Detroit, clinching the playoffs in four of his seven seasons with the team. He was hired by Chicago as their Director of Pro Personnel (1997-99), before joining Miami in 2000 as vice president of player personnel. In 2002, Spielman was promoted to senior vice president-football operations/player personnel and eventually to general manager in 2004. Following two seasons as Miami's general manager, he transitioned to ESPN, where he served as an NFL analyst.

A former linebacker, Spielman was part of Southern Illinois' 1983 NCAA Division I-AA national championship team. He played four seasons for Southern Illinois (1983-86) and received first-team all-conference honors following his junior campaign. 31 years after he was selected by the team in the first round of the 1994 NFL Draft, **Aaron Glenn** was named the 22nd head coach of the New York Jets. Glenn brings 28 years of NFL experience, 15 as a player (eight with the Jets), two as a scout (both with the Jets), and 11 as a coach before beginning his time as head coach.

"This place is special for me. From the time I was drafted and practiced on Long Island, to the time I came back as a scout in New Jersey, this organization has always felt like home. There is nothing better than having my start here as a player, here as a scout, and now here as a head coach. I am ready for it."

Glenn will work closley with newly appointed General Manager Darren Mougey to lead the organization at the highest level. "Coach Glenn's partnership with Darren will revitalize this organization," said Chairman Robert Wood Johnson.

Aligned in their vision and approach, Glenn and Mougey share the common goal of building a winning organization that is built on sustained success. "We have a shared vision on how we're going to do things," said Glenn. "There's nothing better in the world than having ownership that's committed to winning, and then being able to partner it with a GM that has a shared vision that you have."

Leading the Jets is something Glenn does not take lightly, something he embraces.

"We are the freaking New York Jets, we are built for this (expletive)," Glenn said during his introductory press conference. "Listen, I wanted this job, I interviewed for a number of them, but I wanted THIS job. I look forward to it, it is going to be a great ride, it really is."

Throughout his career, Glenn never skipped a step – as a player, scout or coach. He started in junior college before Texas A&M. As a first-round pick with the Jets in 1994, he was part of a team that won 10 total games over his first three seasons. His next five, the Jets never had a losing record, making the postseason twice, including the AFC Championship Game in 1998.

When he wanted to get into coaching, he called his former head coach, Bill Parcells, who said, "You're not going to coach yet. First, I want you to scout. I think you have a chance to be a head coach with your personality. But in order to be a head coach, you have to understand the personnel part of football."

As prescribed, he started his scouting career on the bottom rung, joining the Jets as a pro scout (2012) for a year before going on the road as an area scout (2013). The 2013 Jets draft produced five eventual NFL starters, including two future Pro Bowl selections in Geno Smith and Sheldon Richardson, the 2013 Defensive Rookie of the Year.

As a coach, he was an assistant defensive backs coach (CLV 2014-15), before becoming a defensive backs coach (NO 2016-20), and finally a defensive coordinator (DET 2021-24). He is one of only two active NFL head coaches to have been drafted by and played for the team they coach, joining Houston Texans head coach DeMeco Ryans.

The defensive coordinator with the Lions (2021-24), Glenn's unit improved every season. After a 3-13-1 season in his first year (2021), Detroit won 36 games between 2022-24, the fourth most in the League, including a League best 27 in his final two seasons (2023-24).

In his final year (2024), Glenn's defense finished in the top 10 in scoring defense and takeaways. A strong compliment to the offense, Detroit led the league with a +13.1 point per game differential - the fifth-highest margin by any team in the last 25 NFL seasons. The Lions finished fifth in the NFL in rushing yards allowed (1,672) and fourth in percentage of rushing first downs allowed (23.3%), while allowing the lowest opposing passer rating (82.0), and second lowest completion percentage allowed (61.1%). Detroit finished with the lowest third-down conversion rate allowed (32.4%), despite placing a number of key defensive players on injured reserve throughout the season, including five Week One starters.

Through his commitment to their development and success, Glenn elevated his players to reach individual accolades and milestones during his time in Detroit. Safety Kerby Joseph was named first-team All-Pro (2024) after leading the NFL in interceptions (nine), safety Brian Branch earned his first Pro Bowl honor (2024) after he recorded the most forced incompletions among safeties (12) and finished tied for fifth in passes defensed (16), and defensive lineman Aidan Hutchinson earned Pro Bowl honors (2023) after recording 11.5 sacks and 83 pressures, the fifth most in the NFL.

As the defensive backs coach for the Saints (2016-20), Glenn developed key defensive playmakers in the secondary: Marcus Williams, Vonn Bell, C.J. Gardner-Johnson, and Marshon Lattimore, who was named Defensive Rookie of the Year (2017) and was selected to three Pro Bowls in his first four seasons. In his final season in New Orleans (2020), the defense finished fourth in the NFL in yards allowed per game (310.9) and fifth in points allowed per game (21.1). Additionally, New Orleans finished tied for first in the NFL in interceptions (18) and tied for the third-most takeaways (26).

In his first season coaching in the League (2014), Glenn, the assistant secondary coach with Cleveland, worked with a secondary unit that earned three Pro Bowl selections. It marked the first time the franchise sent three defensive backs to the League's all-star game in the same season. That year, the Browns led the NFL in opponent passer rating allowed (74.1), completion percentage allowed (57.1), and passes defensed (99).

During his brief retirement from football, Glenn owned eight restaurants in the Houston area, before returning to the game he loves in 2012 as the general manger of the Houston Stallions of the Lone Star Football League, an indoor league in Texas.

A three-time Pro Bowl selection himself, Glenn entered the League as the 12th overall selection in the 1994 NFL Draft by the Jets. In his 15-year career (the first eight with the Jets), he played 205 games (176 starts) for five different teams and posted 41 interceptions, six of which he returned for touchdowns. Those 41 interceptions are still a top 25 total since 1994. He is one of just four cornerbacks in Jets history to play 100+ games for the team, joining James Hasty, Ray Mickens, and Darrelle Revis. His 24 interceptions with the Jets are tied for the second-most in franchise history since the AFL-NFL merger.

A Humble, TX native, Glenn was a four-year letterwinner in football, basketball, and track at Nimitz (TX) HS, before going on to Navarro College in Corsicana, TX and then Texas A&M. A 1993 graduate with a degree in business management, Glenn was a two-time All-American and the Aggies' all-time leader in passes defensed in a season (20), season punt-return average (19.9), and punt return yards in a game (131). He was selected to the Texas A&M Athletic Hall of Fame in 2000.

Glenn and his wife, Devaney, have a son, Aaron II, and two daughters, Tristen and Rheagen. One of 11 children, he and his brother, Jason – a six-year NFL linebacker, spent a season as teammates on the Jets (2001).

TANNER ENGSTRAND

OFFENSIVE COORDINATOR

6 | 1 | SAN DIEGO, CA | SAN DIEGO STATE

Tanner Engstrand begins his first season as offensive coordinator for the New York Jets, after joining Aaron Glenn's staff in February.

Engstrand brings over five years of NFL coaching experience, after previously serving in various offensive roles on Detroit's coaching staff. Most recently, Engstrand held the role of passing game coordinator for the Lions (2023-24).

This past season (2024), Engstrand helped the Lions offense finish top of the League in multiple categories, including most points scored (564), most touchdowns scored (70), second-most total net yards (6,962) and the most first downs (410). Under Engstrand, Detroit became only the fifth team in NFL history to produce at least 6,500 total net yards and 70 touchdowns in a season (2024). Individually, Engstrand saw Detroit WR Amon-Ra St. Brown and WR Jameson Williams reach 1,000 receiving yards, with St. Brown earning First-Team All-Pro honors for the second consecutive season.

Additionally, Engstrand helped the 2024 Lions record the second most net passing yards (4,474), the highest completion percentage (72.4%), fourth most passing touchdowns (39), second highest passer rating (112.6), and second most yards per pass attempt (8.56).

Detroit's pass game last season, led by QB Jared Goff, reached new heights under Engstrand with Goff ranking among the NFL's most efficient quarterbacks in NFL history. Goff's nine games with a 75.0%+ completion percentage established a new single season-best in NFL history (min. 15 attempts/game). Additionally, Goff recorded six games with a 130.0+ passer rating, one of only eight quarterbacks in NFL history to do so in a season (min. 15 attempts/game). Engstrand helped Goff finish second in the NFL in passing yards last season (4,629), second in completion percentage (72.4%), and second in passer rating (111.8).

During Engstrand's first season as passing game coordinator (2023), Detroit finished second in the NFL in net passing yards (4,401), tied for fourth in passing touchdowns (30), and fifth in yards per attempt (7.60). Under Engstrand's guidance, First-Team All-Pro St. Brown led the NFL in 100-yard receiving games (nine), ranked second in receptions (119), and third in receiving yards (1,515). Engstrand also saw Goff lead the NFL in passing first downs (227), finish second in passing yards (4,575), and fourth in passing touchdowns (30).

Prior to solely serving as the team's passing game coordinator, Engstrand oversaw Detroit's tight ends in 2022, in addition to elevated responsibilities in the team's passing game. That season, Detroit's tight ends combined for 12 touchdown receptions on the year, establishing a new single-season franchise record. Additionally, the Lions also had three different tight ends produce a multi-touchdown game in 2022, becoming the first team in NFL history to do so.

Engstrand began his NFL coaching career in 2020 as an offensive assistant with the Lions before being promoted to Offensive Quality Control for the 2021 season. Prior to that, he served as the offensive coordinator for the XFL's DC Defenders (2019-20) after previously spending time at the University of Michigan as an offensive analyst (2018-19).

Additionally, under Wilks' lead, the 49ers held opponents to 44 red zone drives, the second best in the NFL, and held opposing quarterbacks to an average passer rating of 79.6, the fourth best in the NFL. Wilks helped four 49er defenders earn Pro Bowl honors, and two earn AP All-Pro honors.

Wilks joined San Francisco after spending the 2022 season with the Carolina Panthers as the defensive passing game coordinator and secondary coach and later as the team's interim head coach. As the interim head coach, he led Carolina to six wins across their final 12 games, finishing in a tie for second place in the NFC South after opening the season 1-4.

Wilks spent the 2021 season as the defensive coordinator for the University of Missouri after serving as the defensive coordinator for the Cleveland Browns in 2019. Under Wilks' direction, the Browns improved from 25th to seventh in passing defense that season, allowing 216.9 passing yards per game and registering 14 interceptions, tied for the eighth-most in the League.

Prior to his time in Cleveland, Wilks served as the head coach of the Arizona Cardinals (2018), where he helped lead a top 10 passing defense in the NFL. Additionally, Wilks helped CB Patrick Peterson earn his eighth-consecutive Pro Bowl selection.

Before earning his head coaching role in Arizona, Wilks spent six seasons (2012-17) in multiple defensive roles with Carolina. He originally joined the staff as the defensive backs coach (2012-14), leading a unit that finished seventh in passing defense (221.7) during that span. Wilks saw multiple Panthers players record some of their most successful seasons, recording career highs in tackles, interceptions, and passes defensed. Under Wilks' lead, CB Josh Norman earned First-Team All-Pro honors and a Pro Bowl selection, while DT Kawann Short was named to his first Pro Bowl and earned Second-Team All-Pro honors that season.

During the 2016 season with Carolina, Wilks saw his secondary finish tied for fourth in the NFL in interceptions (17). After his sustained success each season in Carolina, Wilks was named defensive coordinator for the 2017 season. That year, Wilks coached a unit that jumped from 21st to seventh in total defense (317.1), finished third in rushing defense (88.1), and 10th in scoring defense (20.4). Additionally, Wilks helped LB Luke Kuechly achieve First-Team All-Pro honors and earn his fifth-consecutive Pro Bowl selection that season.

Wilks spent the 2009-11 seasons with the San Diego Chargers coaching their defensive backs. Over that span, the Chargers ranked fourth in both total defense (315.1) and passing defense (203.8), and in 2010, led the NFL in total defense (271.6). Wilks saw S Eric Weddle earn All-Pro recognition in back-to-back seasons.

Before his time in San Diego, Wilks served as the defensive backs coach for the Chicago Bears from 2006-08. During the 2006 season, Wilks was part of a coaching staff that helped the Bears appear in Super Bowl XLI. Under his lead, the Bears finished second in interceptions (24), third in scoring defense (15.9), and fifth in total defense (294.1) that season.

BRANDON BLANEY

OFFENSIVE ASSISTANT

5 | 1 | LAMAR, MO | YOUNGSTOWN STATE

Brandon Blaney joins the New York Jets as an offensive assistant with 29-years of coaching experience in college and the NFL, having coached in the League previously with Jacksonville and Tennessee. He won two national championships at the collegiate level with Youngstown State, his alma mater, and Oklahoma.

Blaney most recently served as an offensive quality control coach at Central Michigan. He was promoted to senior offensive analyst/assistant to the head coach prior to joining the Jets.

Prior to Central Michigan, Blaney spent four seasons as the co-run game coordinator/tight ends coach at Eastern Michigan, culminating in a 24-21 record. In 2022, the team rushed for 1,830 yards and a league-best 25 touchdowns en route to their second bowl victory in program history and first since 1987.

Before his time at Eastern Michigan, Blaney served as the senior offensive analyst/offensive line coach at Michigan for two seasons (2018-20) under head coach Jim Harbaugh. In 2018, he served on staff with Jets offensive coordinator Tanner Engstrand, then an offensive analyst at Michigan. Blaney helped Michigan achieve a 19-7 record across two seasons, finishing in the AP top 25 both years and reaching a New Year's Six Bowl Game in 2018.

In 2016, Blaney joined the Tennessee Titans as a defensive assistant. He served on staff for two seasons, helping the team to a winning record both years and, in 2017, their first playoff victory since 2003. The Titans held opponents to 88.3 (2016) and 88.8 (2017) rushing yards per game, the second and fourth lowest marks in the League respectively. Blaney helped the defense produce 40.0+ sacks in back-to-back seasons, one of only two teams in the League to do so.

Prior to his second stint in the NFL, Blaney spent two seasons at Iowa State as the offensive line coach (2014-15). He helped offensive lineman Tom Farniok and Jacob Gannon achieve All-Big 12 honorable mentions in 2014 and offensive lineman Jamison Lalk achieve second team All-Big 12 honors in 2015.

Blaney got his start in the NFL in 2011 with the Jacksonville Jaguars, spending the first season as a defensive quality control coach before being promoted to defensive assistant for his final two seasons (2012-13). In his first season in the NFL, Blaney was part of a defensive staff that finished sixth in the League in total defense, holding opponents to 313 yards per game, the lowest mark for the franchise since 2006.

He received his first full-time role with Kansas, serving as a recruiting coordinator, tight ends coach, and assistant offensive line coach throughout his eight seasons with the school (2002-09). With Blaney's assistance, Kansas turned around their football program, finishing with a .500 record or better in four of his eight seasons. Prior to that stretch, Kansas had not finished .500 or better since 1995, and only three times in the previous 20 years. In 2007, Kansas finished 12-1, their best record in program history, and averaged 42.8 points per game, the second highest mark in the country.

TIGHT ENDS

9 | 1 | PITTSBURGH, PA | ROBERT MORRIS

Jeff Blasko joins the New York Jets as the team's tight ends coach following five seasons with the Dallas Cowboys where he served as the assistant offensive line coach (2020-22) before being promoted to run game coordinator/running backs coach (2023-24).

During the 2024 campaign, Blasko guided fourth-year running back Rico Dowdle through his first season as the lead back, recording a career-high 235 carries and eclipsing 1,000 yards rushing for the first time in his career.

In 2023, Blasko helped Tony Pollard reach his second consecutive 1,000-yard rushing season, finishing with 252 carries for 1,005 rushing yards, sixth most in the NFC. Additionally, his 307 touches ranked sixth among NFL running backs that season.

In 2022, Blasko assisted an offensive line group that saw first round draft pick Tyler Smith immediately move into a starting role at left tackle following an injury to Tyron Smith. The rookie started in all 17 games, with all but one start at left tackle.

In his second season in Dallas (2021), the Cowboys led the League in total offense (407.0 yards per game), ranked second in pass offense (282.4), and third in rushing offense (124.6). Paired with the play of the offensive line, quarterback Dak Prescott finished in the top 10 in all major passing categories, and running back Ezekiel Elliot recorded his fifth 1,000-yard rushing season and 10 rushing touchdowns.

Prior to arriving in Dallas, Blasko served as the assistant offensive line coach in Cleveland (2019), after working in Green Bay for three seasons, including the final two as assistant offensive line coach. While with the Packers, Blasko helped offensive lineman David Bakhtiari earn first-team All-Pro honors in 2018, and second-team honors in 2016 and 2017.

Aaron Curry enters his first season with the Jets after joining Aaron Glenn's staff as the team's linebackers coach. For Curry, 2025 marks his seventh season as an NFL coach following a four-year playing career, reaching the postseason in both roles.

Prior to joining the Jets, Curry served as the inside linebackers coach with the Pittsburgh Steelers (2023-24), following four seasons in Seattle, serving as a defensive assistant (2019), defensive assistant/linebackers (2020-21), and assistant defensive line/defensive ends coach (2022). While in Pittsburgh, Curry guided inside linebacker Patrick Queen to his second Pro Bowl selection behind a team-leading 129 total tackles in 2024. Last season, Pittsburgh finished the year 12th in total defense (326.7), allowing only 98.7 rushing yards per game, the sixth lowest mark in the League.

In 2021, Curry oversaw one of the best linebacker pairings in the NFL between Jordyn Brooks and Bobby Wagner. Brooks and Wagner ranked second and third respectively in total tackles in the League, with Brooks' 183 tackles marking a career-high and the most in a single-season in franchise history. Wagner accumulated 170 total tackles, also a career-high, and was voted to his eighth-consecutive Pro Bowl and AP All-Pro teams.

In 2013, Curry began his coaching career as a strength and conditioning intern during the University of Charlotte's inaugural season of college football. He was elevated to defensive graduate assistant in 2014, followed by a promotion to defensive line coach in 2015. Curry helped both Larry Ogunjobi and Alex Highsmith become two of the first three players in program history to get drafted into the NFL.

Curry was the fourth overall selection by the Seattle Seahawks in the 2009 NFL Draft and played four seasons in the NFL. In 48 career games (39 starts) with the Seahawks (2009-11) and the Raiders (2011-12), Curry registered 203 tackles, 5.5 sacks, 12 passes defensed, four forced fumbles, and four fumble recoveries, returning two for touchdowns.

A standout at Wake Forest, Curry started 49 of 51 career games, including a 2008 senior campaign where he received All-American honors and the Butkus Award, given to the nation's top collegiate linebacker.

Chris Harris joins the New York Jets as the team's defensive backs/pass game coordinator after two seasons with the Tennessee Titans, serving as the defensive pass game coordinator/cornerbacks (2023-24). For Harris, 2025 marks his 12th season coaching in the NFL.

During the 2024 campaign, Harris' secondary unit in Tennessee allowed 177.3 net passing yards per game, second best in the NFL. Harris saw sixth-year safety Amani Hooker lead the Titans with a career-high five interceptions, tied for sixth-most in the League.

In 2023, the Titans defense ranked first in the NFL in opponent red-zone efficiency (37.7 percent), while tying for the eighth-fewest passing touchdowns allowed (20), yielding the fifth-fewest overall opponent touchdowns (33).

While with the Commanders in 2022, Harris helped Washington finish in the top 10 in numerous categories, including third-down defense (first), total defense (third), passing yards allowed (fourth), points allowed (seventh), and red-zone efficiency (eighth).

Under Harris (2020-22), the Commanders ranked fourth in the League in total defense (323.4) and eighth in passing defense (213.1 yards allowed per game). During that time, Harris saw cornerback Kendall Fuller total 40 passes defensed, which ranked eighth in the NFL among all players.

In 2020, Harris played a key role in a defense that allowed just 3,068 net passing yards, marking the team's best performance since 2004. He aided cornerbacks Ronald Darby and Kendall Fuller in becoming the first Washington teammates since Josh Norman and Bashaud Breeland in 2016 to each record 11 or more passes defensed in a season. Additionally, he helped Fuller register four interceptions, tied for the seventh-most in 2020.

In 2019, the Chargers finished sixth in the League in overall defense, surrendering 313.1 yards per game and ranked fifth in the NFL in passing yards per game (200.3).

Following his eight-year playing career, Harris started his coaching career with the team that drafted him, the Chicago Bears, as a defensive quality control coach (2013-14), working primarily with the team's safeties.

A former sixth-round selection by the Chicago Bears in the 2005 NFL Draft, Harris played safety in 101 games (88 starts) over eight seasons. He started in Super Bowl XLI where he intercepted a pass from Colts quarterback Peyton Manning. For his career, Harris registered 422 tackles, 16 interceptions, 13 forced fumbles, nine fumble recoveries, and 37 passes defensed. A starter for four seasons at Louisiana-Monroe (2001-04), he started all 45 games he played, totaling 14 interceptions as a safety and was named first-team All-Sun Belt.

Originally from Little Rock, AR, Harris went on to graduate from the University of Louisiana at Monroe with a bachelor's degree in general studies (2004).

Harris has three sons, Jayce, Jaxon and Jett, and a daughter, Skylar.

STEVE HEIDEN

OFFENSIVE LINE

13 NYJ 1 | RUSHFORD, MN | SOUTH DAKOTA STATE

Steve Heiden enters his first season with the New York Jets as the offensive line coach after most recently serving as the tight ends coach with the Detroit Lions (2023-24). Heiden, an 11-year NFL veteran tight end, joins the staff with 12 years of coaching experience in various roles with the Arizona Cardinals and Detroit.

In his two seasons with Detroit (2023-24), Heiden guided tight end Sam LaPorta to a record-setting most receptions (146) by a tight end in their first two seasons in NFL history. Additionally, Heiden helped LaPorta become just the fourth TE since 1970 to total 1,600+ receiving yards in his first two seasons, joining George Kittle, Rob Gronkowski, and Jimmy Graham. His 17 receiving touchdowns since 2023 are tied for the most among all tight ends in the NFL.

In 2023, Heiden saw LaPorta establish a then NFL record for the most receptions by a rookie tight end (86). He also set the franchise single season record for receptions, receiving yards (889), and receiving touchdowns (10), among Detroit rookies.

Prior to Detroit, Heiden spent the first 10 seasons of his NFL coaching career in Arizona, finishing as the tight ends coach. He was elevated to offensive line coach for the final six games of the season in 2022. From Week 11 to the end of the season, under Heiden's guidance, running back James Connor averaged 78.0 rushing yards per game, the fifth highest mark in the NFL.

In 2021, Heiden saw tight end Zach Ertz tie the franchise single season record for receptions by a tight end, despite only playing 11 games with the team after a midseason trade. Ertz caught 56 passes for 574 yards, seventh-most among all tight ends in the NFL, and three touchdowns with Arizona. He became the first Arizona tight end to record over 500 receiving yards in a season since 2003.

In 2020, Heiden guided the tight ends in an offense that finished top 10 in the NFL in major categories, including fourth in rushing touchdowns (22), sixth in net yards (6,153), sixth in yards per game (384.6), seventh in rushing yards per game (139.8), and 10th in offensive touchdowns (49). Tight end Dan Arnold recorded a career high 438 receiving yards and four receiving touchdowns, becoming the first Arizona tight end to record 400+ receiving yards and four+ touchdowns in a single season since 1988.

As an assistant in 2015, Heiden helped Arizona lead the League in net yards (6,533) and yards per game (408.3), and ranked second best in passing yards per game (288.5) and eighth best in rushing yards per game (119.8). It marked the first time in franchise history the team finished with the top ranked offense in the NFL as they set single-season franchise records for points (489), touchdowns (59), net yards (6,533) and first downs (373).

Heiden began his coaching career at Concordia University (2012) as the tight ends coach before transitioning to an assistant role in the NFL. Prior to his coaching career, Heiden played 11-seasons in the NFL with the San Diego Chargers and Cleveland Browns, totaling 201 receptions for 1,689 yards and 14 touchdowns. He was drafted by San Diego in the third round of the 1999 NFL Draft.

SHAWN JEFFERSON

WIDE RECEIVERS

21 NFL 4 JACKSONVILLE, FL CENTRAL FLORIDA

Shawn Jefferson enters his fourth season with the New York Jets, and his first as part of Head Coach Aaron Glenn's staff, after previously serving as the assistant head coach/wide receivers coach (2019-20). 2025 marks Jefferson's 21st season as a coach in the NFL, following a 13-year playing career.

Jefferson returned to the Jets in 2024 after one season with Carolina (2023) and two seasons with Arizona (2021-22). Last season (2024), Jefferson guided wide receiver Garrett Wilson to career highs in receptions (101) and receiving yards (1,104), marking his third consecutive 1,000+ yard season, making him the first wide receiver in franchise history, and the 10th player in NFL history, to record at least 1,000 receiving yards in each of his first three seasons. Wilson's 101 receptions were the second most in franchise history behind only Brandon Marshall (109). Additionally, Jefferson helped wide receiver Davante Adams rank ninth in the NFL in receiving touchdowns (seven), 10th in receiving yards (854), and tied for 12th in receptions (67) after being acquired via trade prior to Week Seven. On the season, Jefferson's unit was the only one in the League to produce multiple 1,000+ yard, 75+ reception, and five+ touchdown receivers (Wilson and Adams).

With the Panthers in 2023, Jefferson coached a group led by veteran Adam Thielen, who recorded his third 1,000+ receiving yard season (first since 2018), and his second 100+ reception season. With the Cardinals in 2021, four players recorded 40+ receptions, 500+ receiving yards and three+ touchdowns, followed by five players recording 20+ receptions and multiple touchdowns in 2022.

In his first stint with the Jets (2019-20), Jefferson oversaw a group led by Robby Anderson and Jamison Crowder, as the duo was one of just seven League-wide to each post 50+ receptions, 700+ yards and five+ touchdowns during the 2019 season. Anderson averaged 15.0 yards per catch, one of just 20 receivers in the NFL to do so, while Crowder posted a new single season best in receptions (78), leading the team with six touchdown receptions. Additionally, Vyncint Smith, added by the Jets from the HST practice squad in-season, became one of just nine wide receivers in the League with at least three receptions of 20+ yards and at least 117 runs of 10+ yards. The following season (2020), Crowder fell one yard short of recording consecutive seasons with 50+ receptions, 700+ yards, and five+ touchdowns, while the offense saw four players record 30+ receptions, 250+ yards, and three+ touchdowns.

Prior to joining the Jets, Jefferson's three seasons in Miami saw Dolphins wide receivers average 4.9 yards after the catch, the fifth-best average in the League, and account for 52 touchdowns, tied for the sixth most in the NFL. Additionally, Miami wide receivers accounted for 70.8% of the team's receptions, the second-highest percentage in the League during that span.

In two seasons with Jefferson, MIA wide receiver Jarvis Landry made two Pro Bowl appearances, pulling in 206 total receptions, the third-most of any player in the League, while wide receiver Kenny Stills posted 21 touchdowns in his three seasons under Jefferson, the ninth-most in the League.

Despite starting nine players on the offensive line throughout the season due to injury, Kusmirek helped guide a unit that allowed only 40.0 sacks, good for a 6.2% sack rate, with both figures ranking in the top half of the League.

Prior to joining the Jets, Kusmirek spent time at Rhode Island following four seasons at New Haven, where he helped lead the Chargers to two NE-10 Conference Championships (2021, 2023) and three consecutive NCAA playoff appearances (2021-23). KEVIN O'DEA

SPECIAL TEAMS ASSISTANT

25 3 STATE COLLEGE, PA LOCK HAVEN

Kevin O'Dea returns to the New York Jets as a special teams assistant on Aaron Glenn's staff. He served as a special teams coach for New York for two seasons (2008-09), reaching the AFC title game in 2009.

Entering his 25th NFL season, O'Dea has previously coached with the San Diego Chargers (defensive/special teams assistant 1994-95), Tampa Bay Buccaneers (offensive/defensive assistant, 1996-2001; special teams coordinator, 2014-15), Detroit Lions (special teams assistant 2002-03), Arizona Cardinals (special teams coordinator 2004-05), Chicago Bears (assistant special teams coach 2006-07; 2011-12), Kansas City Chiefs (assistant special teams coach 2013), and New Orleans Saints (assistant special teams 2016-18). During his NFL coaching career, O'Dea's special teams units have recorded a total of 23 touchdown returns (12 punt returns and 11 kickoff returns). O'Dea has also coached in the UFL (2010 Hartford Colonials special teams coordinator) and in the collegiate ranks.

In his last year with the Saints (2018), O'Dea helped third-year kicker Will Lutz have one of his best seasons finishing top 10 in the NFL in field goals made (28) and field goal percentage (93.3%), a career high. Punter Thomas Morstead led the League with a 43.2 net average, and produced a 46.4 gross average, good for seventh in the NFL.

In 2017, New Orleans special teams unit improved drastically in several areas. The Saints climbed from 31st to sixth in kickoff return average (22.9) and from 29th to sixth in average starting field position after kickoff (25.6). Rookie Alvin Kamara finished with a 31.5 yard kickoff return average, the highest single-season average in franchise history and returned a kick 106-yards for a score in the season finale, the longest in team history.

Prior to his time with the Saints, O'Dea served as the special teams coordinator for the Tampa Bay Buccaneers for two seasons (2014-15). In 2015, he tutored a unit that ranked fourth across the NFL in punt coverage, limiting opposing teams to only 5.2 yards per return. Additionally, the Buccaneers averaged a robust 9.9 yards per punt return, the ninth-best mark in the NFL, while punt returner Bobby Rainey owned the League's seventh best mark (9.9 yards). In 2014, O'Dea oversaw a Buccaneers special teams group that was one of the best in punt coverage in the League, allowing only 5.8 yards per return, the second-lowest mark in the NFL, while forcing 26 fair catches, the fifth most in the League. In addition, punter Michael Koenen recorded touchbacks on only two of his 79 punts, tied for the fewest among qualified punters (min. 32 punts). Another factor in Tampa Bay's punt coverage was wide receiver Russell Shepard, whose 14 solo special teams tackles tied for the League lead. O'Dea also oversaw the development of rookie kicker Patrick Murray, who ended the season making his final 13 field goals, the longest active streak in the NFL and the fourth-longest in Buccaneers history. Murray also proved to be a weapon from long distance, connecting on five field goals of 50-or-more yards, tied for the second-most in a season in team history and tied for the fourth-most in the NFL in 2014. His 83.3% conversion rate (5-of-6) from 50 or more yards was the highest among 15 kickers with at least four attempts. The Bucs also posted the top field goal block unit in the NFL, holding opponents to a 74% conversion rate (29-of-

In 2011, Gould also set the franchise mark with six field goals made from 50 or more yards, including a franchise-best 57-yard effort. In 2006, Gould established a then-team-best .889 field goal percentage (32-of-36). The next year, Gould had 31 field goals made, tied for the second most in team history.

O'Dea also helped wide receiver/return specialist Devin Hester become one of the top returners in the NFL, earning Pro Bowl and AP First-Team All-Pro berths in 2006-07, when he recorded 12 return touchdowns (seven punt, four kick, one missed field goal), the most ever in consecutive seasons. In addition to working with Hester, O'Dea has assisted in coaching several other special teams players to Pro Bowls, including kick returner Dexter McCluster (Kansas City, 2013), special teamer Corey Graham (Chicago, 2011), running back/kick returner Leon Washington (New York Jets, 2008), special teamer Brendon Ayanbadejo (Chicago, 2006-07), kicker Robbie Gould (Chicago, 2006), kicker Neil Rackers (Arizona, 2005), kicker Martin Gramatica (Tampa Bay, 2000), punter Darren Bennett (San Diego 1995), and kicker John Carney (San Diego 1994).

Before his NFL coaching career began as an assistant with the Chargers, O'Dea spent eight years as a college assistant coach, earning his start at his alma mater of Lock Haven University where, when his playing career was cut short due to a back injury, he coached wide receivers (1986). Following his time with Lock Haven, O'Dea spent one season coaching freshman defensive backs at Cornell (1987) before working as a graduate assistant at Virginia (1989-90) and Penn State (1991), where he was promoted to assistant strength and conditioning/defensive line/linebackers coach (1992-93).

A native of Williamsport, Pa., O'Dea spent four years in the United States Coast Guard (1979-83) before enrolling in Lock Haven, where he played wide receiver and defensive back, earning a bachelor's degree in fitness management. He later obtained a master's degree in education from Virginia.

O'Dea and his wife, Mary Anne, have three sons, Sean, Ryan, and Caleb.

Williams most recently served as the cornerbacks coach at Houston Christian University (HCU) in 2024. Prior to HCU, he spent four seasons at Hardin-Simmons University as the defensive backs coach and defensive pass game coordinator. During his tenure at HSU, Williams coached eight defensive backs to All-American Southwest Conference honors. In 2021, his defensive unit ranked sixth in NCAA Division III for passing defense, allowing just 132 yards per game. In 2020, HSU's defense was ranked first in total defense, second in scoring defense, sixth in pass defense, and 10th in rushing defense nationally.

Before his time at HSU, Williams served as the defensive coordinator at Lincoln University for three seasons (2014-16).

Williams' coaching career also includes stints as the defensive coordinator at Seton Hill University (2013), defensive backs coach at Southwest Baptist University (2012) and Widener University (2010-11), and a season at Webber International University. He gained valuable NFL experience through the Bill Walsh Diversity Coaching Fellowship with the San Diego Chargers, Indianapolis Colts, and Chicago Bears.

Williams started his coaching career at Widener University, where he served as cornerbacks coach (2010) and special teams coordinator (2011).

Williams was a standout player at Tuskegee University. He became one of the top cornerbacks in the nation, earning All-American honors and first-team Southern Intercollegiate Athletic Conference (SIAC) selections all four years. Before transferring to Tuskegee, he played at Savannah State from 1998-99. At Tuskegee, Williams was part of the 2000 BSN Black College National Championship team and was considered one of the top five cornerbacks in the nation for the 2002 NFL Draft. He participated in the NFL Combine and Senior Bowl, where he was named a starter. Williams is regarded as one of the best cover cornerbacks to ever play for Tuskegee.

Williams was selected by the Chicago Bears in the third round of the 2002 NFL Draft. He played seven games in his rookie season, starting three, and was named to the NFL All-Rookie Team in 2002. Williams also had stints with the Denver Broncos and Cleveland Browns, starting 15 of the 26 games he appeared in during his time with the Browns. He later played in the Canadian Football League with the Edmonton Eskimos.

NATHANIEL WILLINGHAM

ASSISTANT LINEBACKERS

7 | 4 | MOUNTAIN VIEW, CA | MENLO COLLEGE

Nathaniel Willingham enters his fourth season with the New York Jets, and his first as the assistant linebackers coach, after joining the organization in 2022. He was promoted to defensive backs/nickelbacks coach prior to the start of the 2024 season. For Willingham, 2025 marks his seventh season coaching in the NFL, after five years at the collegiate level.

Willingham has helped the defense register a top five unit in football in each of the last three seasons, ranking fourth (311.1) in total defense in 2022 and third in both 2023 (293.2) and 2024 (318.8). Last season (2024), he helped the defense limit opponents to 192.6 passing yards per game and a 66.7% goal to go efficiency, the fourth and seventh lowest marks in the League respectively.

He got his start with the Jets as a defensive assistant (2022-23). In his first two seasons, Willingham was part of a staff that ranked second in total defense, allowing just 301.7 yards per game across two seasons. Individually, he helped linebacker Quincy Williams earn AP First Team All-Pro and Curtis Martin Team MVP honors (2023), after registering career highs in all categories, including tackles (139), tackles for loss (15), QB pressures (11), and passes defensed (10). Additionally, he helped lead C.J. Mosley to earn AP Second Team All-Pro honors and his fifth Pro Bowl appearance (2022), while becoming one of just five active players with 1,000 or more career tackles following the 2023 season.

Prior to joining the Jets, Willingham spent three seasons with the Denver Broncos (2019-21) as a defensive quality control coach. During his time in Denver, the Broncos became the first team since 1995 to lead the League in red zone defense in consecutive seasons (2019-20).

Before getting his start in the NFL, Willingham spent five seasons at the collegiate level, including four years at Stanford as a football quality control analyst (2018), defensive assistant (2016-17), and recruiting assistant (2015). Stanford posted a 40-14 record and won the Rose Bowl (2015) during Willingham's tenure with the school. He started his collegiate coaching career at Menlo College (2014) in California as the tight ends coach before the school eliminated the football program.

A former prep center and defensive tackle at Skyline (Sammamish, WA), Willingham began his coaching career at his high school alma mater in a variety of roles, ultimately serving as the defensive line coach (2011-12). In his three seasons coaching the varsity level, the school won a pair of state championships and posted a 37-5 record.

Willingham and his wife, Rachel, have two sons, Auggie and Emory. His father, Tyrone, a coach for over 30 years, was the head coach at Stanford (1995-2001), Notre Dame (2002-04), and the University of Washington (2005-08).

Dr. Erik Korem enters his first season with the New York Jets as the team's director of player performance. He has nearly 20 years of experience working in the NFL, college football, and with Olympic medalists. Throughout his career, Korem has helped pioneer the use of athlete wearables and modernize the way teams approach sports science.

Prior to joining the Jets, Korem was the CEO & Founder of AIM7, a simple and powerful app that turns wearable technology into ultra-personalized solutions for health and fitness. He developed a passion for transforming data into actionable insights to provide athletes with customized exercise and wellness recommendations that help prevent burnout, excessive fatigue, and promote rapid and sustainable fitness gains.

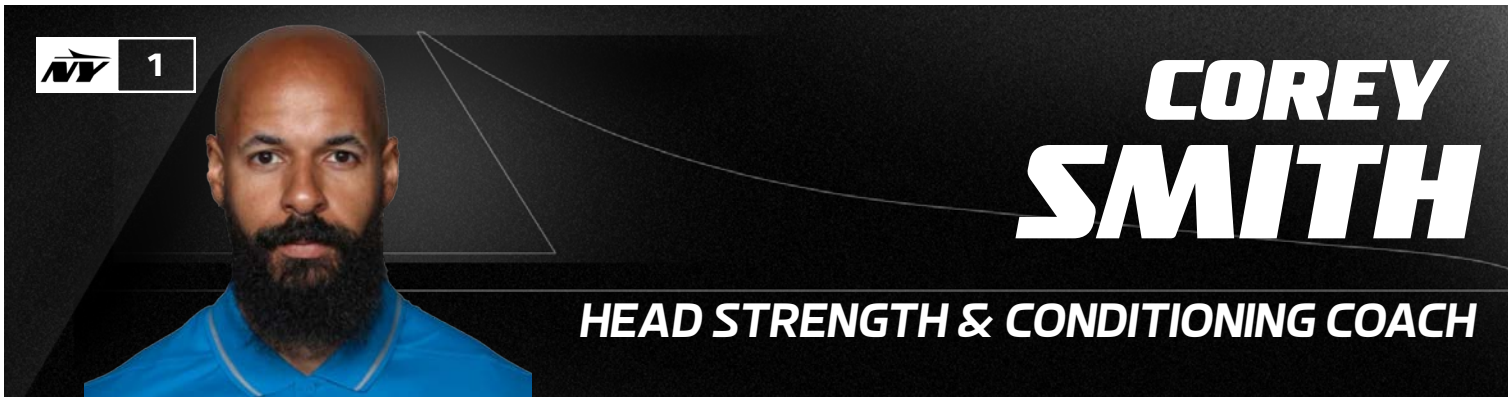
Korem got his start in the NFL as the Director of Sports Science for the Houston Texans, where he implemented the first sports science program in team history. Before that, he served on Coach Jimbo Fisher's staff at Florida State (2010-13), helping the Seminoles win their first ACC Championship in seven years.

Throughout his career, Korem has helped NFL, college, and Olympic athletes achieve their goals through expert guidance on performance optimization. He most notably supported eight-time Olympic medalist Veronica Campbell-Brown, who became one of just three women ever to win the 200m gold medal in back-to-back Olympics.

In 2019, he was selected as a member of the class of Presidential Leadership Scholars, a first-of-its-kind program run by the Presidential Centers of George W. Bush, Bill Clinton, George H.W. Bush, and Lyndon B. Johnson.

A former walk-on football player at Texas A&M, Korem graduated with a bachelor's degree in exercise physiology. He later earned his master's degree in Exercise Science from the University of Arkansas and his Doctorate in Exercise Science from the University of Kentucky.

A Texas native, Korem and his wife, Hayle, of 16 years have three boys, Cooper, Connor, and Carter.



Corey Smith enters his first season with the New York Jets as the team's head strength and conditioning coach. He has nearly 15 years of experience serving in various strength and conditioning roles at the NFL and collegiate level.

Prior to joining the Jets, Smith served as the assistant strength and conditioning coach with the Detroit Lions for two seasons (2023-24), where he overlapped with Head Coach Aaron Glenn. Detroit won 27 games throughout his time with the team, the most in the NFL.

Before Detroit, he spent one season at Abilene Christian University (Texas) as the team's associate athletic director for strength and conditioning. He was promoted to the position shortly after his arrival, having started with the university as the director of football strength and conditioning.

Smith joins the organization with an extensive history working in premier college football programs, including Texas Tech, Texas, Memphis, Missouri, Iowa, and Illinois State.

While in college at Illinois State, he volunteered with the athletic department's strength and conditioning program, assisting primarily with football, men's basketball, and track and field programs, all while earning his bachelor's degree. Smith later went on to earn his master's degree from the University of Memphis.

Smith is a certified strength and conditioning specialist by the National Strength and Conditioning (NSCA) and the Collegiate Strength and Conditioning Coaches Association (CSCCA). He is also certified in precision nutrition (PN1) and functional range conditioning (FRCms).

A native of Downers Grove, IL, Smith and his wife, Jacqueline, have two daughters, Avery and Parker.

OF NOTE

LOCAL LEGEND: A three-year starting safety at Syracuse (2018-20), Cisco was born in Queens, New York and grew up in Valley Stream on Long Island, where he started his high school career at St. Anthony's High School, located less than 50 miles from MetLife Stadium. He finished his final two years of high school at IMG Academy, where he helped lead the program to an 8-0 record and a No. 2 ranking in the USA Today Super 25 poll (2017).

Cisco holds an annual football camp in Valley Stream, providing campers with the virtues of grit, hustle, and the game-changing lessons of sports.

“I just want to emphasize growing as a man, growing as a player, just continue to grow as a person. Your biggest challenge isn’t choosing between good and bad; it’s choosing between good and what’s best for you,” Cisco told the LI Herald in 2024.

COOKING A COMEBACK: In a mid-October contest during his senior season against Auburn (2024), Cook left the game after the first series with an ailing ankle injury. After going to the hospital for an MRI and testing the ankle in Missouri's indoor practice facility, he returned to the game in the late third quarter with Missouri trailing 17-6, and led the team to a historic comeback, tossing two fourth-quarter touchdowns to give Missouri a 21-17 victory.

HOMETOWN HERO: Cook grew up in St. Louis, Missouri and attended Chaminade Prep for high school, located just 115 miles from Memorial Stadium on the campus of the University of Missouri. He played quarterback and punter at Chaminade and garnered all-state recognition as a quarterback and first-team all-conference honors as both a quarterback and punter.

SCHOLAR ATHLETE: Cook became just the third player ever to repeat as the SEC Football Scholar-Athlete of the Year (2023-24), joining Tim Tebow (Florida, 2008-09) and Barrett Jones (Alabama, 2011-12).

CAMPBELLSVILLE CORLEY: Corley attended Campbellsville High School in Kentucky, with a graduating class of 67 students, and became the first person in school history to sign a Division I letter of intent. Originally from Orange City, Florida, Corley played on both offense and defense in high school, returning kickoffs and punts, and served as the holder.

"It feels unbelievable if I'm going to be honest," Corley said during rookie minicamp (2024). "Lifelong dream since I was a young kid. Coming from a small town and small school and being the first one to sign a Division I letter of intent from my high school and to be here, at the National Football League, it feels unbelievable. So, it's a storybook ending."

His father, James, served 21 years in the Army, and was deployed several times throughout his career. To honor his military roots, Davis hosted a youth football clinic at Naval Air Station Oceana in 2023 for children whose parents are actively serving in the military.

"Showing them the way that I walked in their same footsteps," Davis told 3WTKR in 2023. "Knowing that it's probably hard at times and wondering when your parents have to deploy and go to different duty stations. As long as you work hard and stay grounded, anything is possible."

LEADER IN LEXINGTON: In 36 games (11 starts) in his three-year career at Kentucky (2018-20), Davis registered 144 tackles, 5.0 tackles for loss, 2.5 sacks, five interceptions, and three passes defensed and led the team in tackles (102) in his final season.

OF NOTE

A LASTING LEGACY: Edwards' mother, Donna Edwards, passed away from cancer in 2005 when he was two years old. Donna and his father, Kevin, instilled a community driven mindset in him, rooted in church, education, and sports. Edwards founded a nonprofit, DonGives, which empowers youth to make a positive impact in the community through scholarships, healthcare, and more, and he hosts a youth football camp each summer.

"He puts others first," his father, Kevin, told ESPN in 2024. "That's something I learned from him. I can't think about myself, I have to think about the team."

ALL-AMERICAN STUDENT: Despite garnering NFL attention following his junior season (2022), Fashanu decided to return to Penn State for his senior year (2023) to finish his degree in supply chain management. Midway through his final season, he was named a finalist for the prestigious William V. Campbell Trophy, which annually recognizes an individual as the absolute best in the nation for his combined academic success, football performance, and exemplary leadership. On the field, he became the 44th consensus All-American in Penn State program history, in addition to earning AP first-team All-American honors, first-team All-Big Ten, and being named the Rimington-Pace Big Ten Offensive Lineman of the Year.

"He is a person of high character who exemplifies our core values, leads by example and models what it means to be a complete Penn State student-athlete," said Penn State head coach James Franklin in 2022.

FASHANU'S FOOTSTEPS: His parents, Anthony and Paige, both grew up in Nigeria, but met after moving to the US. Anthony's father, and Olu's grandfather, Chief Adewale Fashanu, played a significant role in helping Nigeria gain independence in 1960, and later served as the principal press and political secretary to the first President of Nigeria, Dr. Nnamdi Azikiwe.

OF NOTE

NO TOUCHDOWNS ALLOWED: A three-year starter at Cincinnati, Gardner finished his collegiate career with 99 tackles, five tackles for loss, 3.5 sacks, nine interceptions, including two returned for touchdowns, 18 passes defensed, and a forced fumble, while also scoring another touchdown on a blocked field goal return. In over 1,000+ collegiate coverage snaps, he did not allow a touchdown for a defense that ranked in the top three in pass efficiency allowed in each of his final two seasons. Additionally, he was one of two players in the FBS with at least three interceptions in each season from 2019-21.

In his final season with the Bearcats (2021), Gardner was named a consensus first-team All-American and only the second unanimous AAC Defensive Player of the Year, the second-such honor in league history, as well as a Jim Thorpe Award semifinalist after starting all 14 games

during Cincinnati's 13-0 run to the CFP Playoffs. For the season, he allowed only 13 receptions for 117 yards, and finished with 40 tackles, three sacks, three interceptions, four passes defensed, and a forced fumble, helping lead the program

A1 SAUCE: Curtez Harris, his little league football coach, expanded on an early nickname "A1" and called him, "A1 Sauce Sweet Feet Gardner." Gardner has since shortened the nickname to "Sauce."

"My personal meaning is a level of confidence," he said during the pre-draft process. "When I'm on and off the field, I make sure I've got the sauce. That just keeps me going. When I'm in my little calm mood, it's just me being Ahmad. The Sauce is within me, so I'm always Sauce. I have to know when to flip the switch up and turn the switch off."

FUELED BY FAMILY: A former cornerback at Best Academy (Ga.), Stiggers committed to play college football at Lane College before returning home to support his family following the passing of his father. In his break from football, he worked as a car salesman, car mechanic, food delivery driver, and in a warehouse. He signed up for the Fan Controlled Football league, a new 7-on-7 indoor league, that led to an opportunity in the CFL with the Toronto Argonauts (2023), where he registered 53 tackles, five interceptions, and three tackles on special teams. Stiggers became the first player in NFL history to be drafted out of the CFL with no prior college experience:

"It's still surreal for me. I never thought I'd be here. Thankful for the opportunity that the Jets have given me to further my career," Stiggers said during rookie minicamp (2024).

MOM-STRENGTH: Weston grew up in Clewiston, a small town in Florida with a population of under 7,500 and nicknamed, 'America's Sweetest Town,' since it revolves around the sugar industry.

His mother, Jennifer Stoudmire, was a multi-sport athlete at Clewiston High where, as Weston told reporters in 2024, "my mom actually benched 350." Weston's motivation throughout his life has been his mother, who helped him earn his bachelors degree in Education Sciences from Florida, as well as be named to the SEC Fall Academic Honor Roll (2023).

"I felt I had done my job as my mother," Stoudmire told the Gainesville Sun in 2024.

RARE RACER: After his selection, 98th overall (third round) by JAX, he became the highest drafted player from Murray State following a senior season that saw him named first-team All-Ohio Valley Conference and ranked second in the FCS with 7.1 solo tackles per game.

BROS TO PROS: After his brother, Quinnen, was selected by the Jets as the third-overall pick in the 2019 NFL Draft, Quincy didn't have to wait long to hear his name called, selected by JAX in the third round • The Williams' are just the fifth brother combination selected in the same draft since 2006, joining Terrell/Tremaine Edmunds (2018), Chris/David Carter (2011), Kenny/David Irons (2007), and Pat/Paul McQuistan (2006) • Additionally, the brothers became teammates in 2021, and joined Larry and Robert Woods (1975-76) as the only brothers to play together with the Jets in the regular season.

In the Week Four matchup vs. TEN (10/03/21), both brothers recorded sacks, the first set of brothers to both record sacks for the same team in the same game, a feat they later duplicated in Week 12 at HST (11/28/21).

OF NOTE

BROS TO PROS: After Williams was selected by the Jets as the third-overall pick in the 2019 NFL Draft, his older brother, Quincy Williams, didn't have to wait long to hear his name called, selected by JAX in the third round • The Williams are just the fifth brother combination selected in the same draft since 2006, joining Terrell/Tremaine Edmunds (2018), Chris/David Carter (2011), Kenny/David Irons (2007), and Pat/Paul McQuistan (2006). Additionally, the brothers became teammates in 2021, and joined Larry and Robert Woods (1975-1976) as the only brothers to play together with the Jets in the regular season.

In the Week Four matchup vs. TEN (10/03/21), both Williams recorded sacks, the first set of brothers to both record sacks for the same team in the same game, a feat they later duplicated in Week 12 at HST (11/28/21).

The Texas native helped lead the Buckeyes to a 31-4 record during his three years in Columbus that included two appearences in the CFP semifinals, victories in the Rose Bowl and Sugar Bowl, and an appearence in the CFP National Championship (2020).

BASKETBALL IN HIS BLOOD: His father, Kenny, finished his career at Davidson as the school's seventh all-time leading scorer. Wilson was an All-Central Texas selection in basketball, after averaging 21 points per game at Lake Travis (TX) HS.

CHILDHOOD TEAMMATES: Grew up with current New York Mets infielder Brett Baty, also a first-round pick (2019), the pair started as

teammates on the Lake Travis Cavaliers youth football team and were multi-sport athletes at Lake Travis HS (TX). Wilson was named the area's Male Athlete of the Year (2017) by the Austin American-Statesman, an award Baty won the following year.

"Garrett was one of the best basketball players I've ever seen, too," Baty told SNY.tv. "If he chose basketball, no doubt he'd be in the NBA right now."

"I'm confident he would've been in the NFL as a quarterback," Wilson said of Baty. "He was that good. He says he was just throwing it up to me, but the bombs he was throwing were 45, 50 yards and we were in sixth grade."

"All season, we're always looking to acquire players, add depth, add competition, through free agency, the draft, even in the offseason, the alternative leagues, there will be vets out there. So, it never ends really, but we feel good about where we're at and the players we have on the roster right now."

- General Manager Darren Mougey, 3.30

QUOTE DATABASE

ROBERT WOOD JOHNSON...

"Let me say this first, it all starts with the owner. None of this gets done without our owner. Listen, I get it, I understand things that were talked about, things that were said back in the day, but I know who our owner is, I know what he's trying to create, and we're going to follow his lead... the things that he's done, the way he talks, the way he operates, I can't be happier to have him as an owner."

- Head Coach Aaron Glenn, 7.23

"It's unbelievable to see them make the effort, not even just the locker room, but to pay the players like you just seen, to get the locker room, you see those efforts and this organization and Woody (Robert Wood Johnson) as an owner wants to see this team be successful, want to see this team go in the right direction when it comes down to winning football games, when it comes down to being a healthy environment, when it comes down to doing the necessary things to put the players in position to win football games and you just take your hat off to that and just know that you got an owner that stands behind you and wants to see you be great on the field and off the field."

- Defensive Lineman Quinnen Williams, 7.22

HEAD COACH AARON GLENN

"It's been everything that I imagined, right, coming back and being the head coach of this team, and being out there on the field. Just hearing the fans, again, knowing exactly what they're looking for. They're behind us, I know that, and I'm very appreciative of that. There are fans that, when I was playing, that I still see that's out there, and I think that's outstanding. Listen, we have some guys that's in it for the long haul and, listen, I appreciate that. Just don't let go of the rope, I'll say it for all you guys, don't let go of the rope, alright, hold on tight. Be patient, and give the guys time. We'll be just fine, we'll be just fine."

- Head Coach Aaron Glenn, 7.26

"I think when you shift in culture and start fresh, I think there are certain qualities that you have to have in a head coach, and I think coach Glenn has them all. He demands, well not really demands, he gets the respect from everyone in the locker room just by the way he presents himself. His message to the team has been consistent since day one. He's a straight shooter, and he gets it from a player's side. He knows how to take care of us. He also requires us to work as well, too. Our conversation is always transparent, and as a player, you can respect that. You know what you're getting when you're walking in the building. And it doesn't just stop there, it bleeds through the rest of the coaching staff and it's one message versus hearing multiple."

- Quarterback Tyrod Taylor, 7.25

"I've been coached by one of the greatest coaches of all time (Nick Saban) and I kind of know how it looks and I know how it feels being around people that can take me and the team to the highest level. He has every aspect in him. He has every quote, and the way he carries himself, I know he's going to be one of the greatest coaches in this League, Aaron Glenn, just the way he goes about things."

- Defensive Lineman Quinnen Williams, 7.22

"I mean, for me, it was just getting in front of him and meeting him. He's done this thing and he's played at a high level. He's been a Jet before, which for me is huge. These problems we may have had these first three years, and these obstacles of just being a player in the League, he went through that. He can relate. Not to mention, he's seen the blueprint for what it means to take a team that hasn't had much success and turn them into that top of the League, premier team. He's seen that blueprint twice or three times."

- Wide Receiver Garrett Wilson, 7.22

"We had some tough conversations, we had some funny conversations, we have all types of conversations. And this is a part of his legacy; he played here, now he's able to coach here, so we want to be the best that we can be for him."

- Sauce Gardner, 6.12

"AG is great, he's awesome, super personal when it comes to, not only speaking to me, not only our relationship, but everyone's relationship. I've been saying this for a long time now, he's straightforward with it, he keeps it very blunt, but I think our relationship is very good when it comes to that, personally, and just being on the same page on how we want to lead this team, so he's great for sure."

- Quarterback Justin Fields, 7.23

Straightforward, honest. I'm talking about, it isn't wait until we get to the meeting room, it's honest and straightforward on the field, so you can get it corrected right then so you're coming out not making the same mistakes. And then on top of that, it's one of those things where you know the expectations, so you can challenge yourself and be like, 'Did I meet the expectations?' It isn't one of those things where he has to come in and say it again. He already said what his standard is, and so when you're watching film, now everyone's having their own conversation as far as like, 'Did I meet the standard that he set today?'

- Linebacker Quincy Williams, 6.3

BRAELON ALLEN

"Big, physical, tough. Man, he has a workman mentality. He doesn't say much, he just wants to work. Really good teammate, understands the situation that we're all in when it comes to how we are going to progress with this team. And he's not afraid to go play special teams. No matter what the situation is, even if he's a starter, he understands that he still wants his job on special teams. So, I want a team of guys like that, and we have a team of guys like that."

- Head Coach Aaron Glenn, 7.28

"I'm the type of guy that's going to do whatever's asked of me. I mean, if they wanted me to play linebacker, I would. If they wanted me to play fullback, I would. That's something I've always done. I've played pretty much every position on the field at some point. I just love football. Special teams, you either have to block somebody or make a tackle. That's the essence of football and what I'm all about."

- Running Back Braelon Allen, 7.28

ANDRE CISCO

"Every guy has to have some type of characteristic that fits what we do and what we're about, and Cisco does. Number one, he's a really, really good person. He's a really good football player here, he's a player that can get the ball back

for you. He believes in team and he's a guy that, when he was at Syracuse, he made a lot of plays on the ball. Those things I like about him, and you watch him how he operates with his teammates, you could tell that he's a true team guy, and I think that's only going to get better once we continue to coach him, and once he understands the dynamics of everything that we got going on. He's a guy, again, he's been here for a couple of weeks, and he's still trying to figure things out when it comes to how we operate, but he's doing a good job for us and I'm happy that we got him."

- Head Coach Aaron Glenn, 5.21I

IRVIN CHARLES

"Honestly, I don't know who doesn't know about Irv. If you're talking about playing football on fourth down in the special team's world, it's hard for anybody around the League to not know about somebody like Irv."

- Special Teams Coordinator Chris Banjo, 6.11

MICHEAL CLEMONS

"Big, strong, tough. I tell you what, me and (Chris) Banjo were making a joke about this yesterday when they were doing the conditioning test. If there is any player that I would like to look like, it would be him. He is built the way that you want to have a football player built... But he's a big, strong, defensive end that can set an edge, and he does have some rush ability. The way that he rushes is probably different than the way other guys rush. He is a power player, so I expect him to go out there and play with power."

- Head Coach Aaron Glenn, 7.23

BYRON COWART

"He's a little bit older than me, but all I can say is he is a man amongst boys. When he comes out to the practice field, his presence is felt. I admire the way he works, I admire his leadership as well, and I'm just excited for him. Having the chance to play with somebody who went to Auburn, the same school as me, means something to me. It makes it seem like I made a good choice in going to that school. So, again, I'm excited for him, he's a great dude, great guy, and I'm glad he's on our team."

- Linebacker Jamien Sherwood, 6.12

ISAIAH DAVIS

"He brings everything. I mean, he is a guy that we have to make sure we get him on the field as much as possible also. Pass protection, his ability to run, his route tree, he's a very, very smart player. He's tough, he's aggressive, and the thing is, he's a guy that plays on every special teams that we have. So, he's a valuable, valuable piece of what we're trying to do. Valuable. "

- Head Coach Aaron Glenn, 8.2

OLU FASHANU

"Here is what I will say about Olu, and this started back in OTAs, he committed a number of days of just being here, and I'm not just talking about the times that he had to be here as far as the workouts, man he was here on the weekends like getting work in on his own, on his own. He is committed to making sure that he's available, for one, and then also that he's going to be a huge part of what we're trying to build when it comes to the o-line."

- Head Coach Aaron Glenn, 7.26

"Well, I think for one, he definitely got bigger in the offseason. I see that. It looked like he got a little bit faster, too, and then just overall, he just feels more comfortable. Like as a rookie coming into this League, you have so much on your mind that's kind of hard to lock in and kind of get everything down, but with Olu having that offseason and that time to kind of recover and get his body right, I could see night and day from his first day of camp to now."

- Offensive lineman Alijah Vera-Tucker, 7.24

JUSTIN FIELDS

"Listen, I take to him because he is authentic and he's himself. It's one thing that players can pick out is someone that's fake, and there's nothing about him that's fake. So, I love everything about the player, I love everything about the way he carries himself, and I'm looking forward to him as he goes through this process during these OTA's."

- Head Coach Aaron Glenn, 5.21

"I mean ever since he walked on campus with us at Ohio State, coming from Georgia, you sense the seriousness about him, the competitiveness. He's super athletic, but I think the biggest thing about him is his mental toughness, that nothing's going to rattle him. He's good for this team and this area, and he wants the pressure. He's built for it, and just the attitude that he brings and the professionalism that he has. He's shown it ever since we were in college, and he'll continue to do that, and we'll rally behind him."

- Tight End Jeremy Ruckert, 6.10

"The biggest takeaway I would say is that this guy is just a workaholic. He comes in early, he's here late, and he's trying to digest everything and download all the information and do things the right way. He's trying to do things that we're asking, and I think he's really put the next foot forward every day, just trying to stack days, and it's been really good."

- Offensive Coordinator Tanner Engstrand, 6.11

"Just having a guy like that, that is as good of a person as he is. Competitive wise, he's one of the most competitive people I've met and then just the way he attacks workouts and practices, you don't see that often from a quarterback. I mean, a guy in there moving weight when we got practice in an hour, stuff like that. You know, that I remember from college that he's still doing now, and just seeing that he's the same dude. I'm excited, just the conversations that we've had and getting to throw it around with him throughout OTAs. We have fun out there, so I'm excited."

- Wide Receiver Garrett Wilson, 7.22

"He's had a lot of ups and downs I feel like as a high draft pick and being on a couple different teams as well, but that's a dude that just comes in and works and doesn't seem too bothered or worried about what's going on around you. Anyone that leads a team at the end of the day, a good team is going to be led by the quarterback. So, if that's your quarterback's mindset and how he controls himself and doesn't waiver, I think you'll be in a good place no matter what."

- Defensive Lineman Rashad Weaver, 6.10

SAUCE GARDNER

"It's so many things that I feel like Sauce can do. Again, the word consistent. He's been a pro bowl player, how consistent can he be to take it to another level, and that's one of the things that I challenged him day one when we had our conversation. I felt like, and you guys feel the same way, that he's one of the top corners in the League, but that consistency of being that dominant player each and every week, that's what we're looking for and that's been his challenge this offseason. He's very gifted and I told him sometimes your greatest strength is your greatest weakness. He's a guy that sometimes that 85% is still better than everybody around him, so his thing is, and I told him, compete against yourself. That's where he has to get better, which he will."

- Defensive Coordinator Steve Wilks, 6.11

"I think Sauce had a great year. I think his standard is so high because he's just a different player than everybody else on the field. So, he is who he is and he's a special player, but he's been the same dude. He's focused, he's locked in, he's a great teammate, great friend, and he has all the physical traits, like he's just dominant. That's who he is, and I think his mindset doesn't change one way or the other. He's the player that is, like you said, two-time All Pro and three Pro Bowls and everything like that. He's that player like in practice and in the games and off the field, too."

- Cornerback Michael Carter II, 6.12

BREECE HALL

"Love him, love him. Comes to work, works hard, good guy around the players, leads by example, talented. I love everything about him."

- Offensive Coordinator Tanner Engstrand, 5.29

"Breece is a ball player for sure. Of course, everybody knows he can run, but what kind of surprised me is his natural hands when I first started throwing with him. I mean, he has natural hands kind of like a receiver and he's really just an all-around back, so definitely glad to have him on my team for sure."

- Quarterback Justin Fields, 6.11

TYLER JOHNSON

"The first thing I remember about Tyler was a playoff game, we were playing against him, and the first route, he ran a shallow crosser, and our guys in Detroit did a good job of getting him down. He ran another shallow crosser, put his foot in the ground, redirected, and I think he gained like 60 yards, and that in itself just shows his ability to be able to feel like where DBs are at, and I thought he was smart, understood exactly where to sit in zone, how to create leverage in man. So, listen, he might not be the fastest guy, he might not be the quickest guy, but sometimes when you're as smart as he is, man you can create things that other guys with all that speed and agility can't because he understands leverage, he understands how to sit in the zone. "

- Head Coach Aaron Glenn, 7.28

JERMAINE JOHNSON II

"There's things that stand out, going back to college, what I saw in him, and even at the Senior Bowl, when I had a chance to coach him then. He's a hardnosed, physical, violent player that's very athletic, that has the ability to win off the edge and make plays on the quarterback. Listen, you don't get a lot of guys that have the athleticism that he does, but still be strong and powerful to be able to hold against the run, so I'm excited to see that player get out there in training camp and going into the first game. He's going to be a huge part of what we're doing. He knows that, but again, he understands where he has to get better at too though."

- Head Coach Aaron Glenn, 6.10

ALLEN LAZARD

"Allen has done a remarkable job really trying to learn the system, right? He'd been in a system for a long time, and this is maybe the first one that's been a little different for him. He's been great in meetings, he's asking questions, he's talking to me on the field, 'What do you think about this?' Allen has been really good; it's been really nice to have him."

- Offensive Coordinator Tanner Engstrand, 6.11

WILL MCDONALD IV

"He's a guy that has a skill set as far as rushing the passer that I haven't been around a lot of guys, just in my coaching tenure, like what we have with him. So, I'm going to enjoy seeing exactly what he's going to be able to do with us, and we're going to let him go. We're going to let him loose. We're going to let him go get the passer. That's what he does best. I'm just looking forward to when he gets the pads on and where you can just put him in live action, see what he could really do."

- Head Coach Aaron Glenn, 5.21

"Will is phenomenal. He can get to the passer. Will is a lot more physical and stronger than what I anticipated and saw from afar as far as being able to be stout in the run game. There's always that fluctuation with his weight and that's something that he has to control with the strength staff, which we have a tremendous group of guys there, but his effort, his approach each and every day, I'm on board with him. I'm excited about what he can do and I'm looking forward to a great season from him."

- Defensive Coordinator Steve Wilks, 5.29

ARMAND MEMBOU

"He loves football, he loves football, and that's what you want. We want a team of a bunch of guys that love football and that's been glaring for me with that player."

- Offensive Coordinator Tanner Engstrand, 6.11

"He's an agile, gifted, big man with measurables that everybody wants when it comes to offensive linemen and he's only going to get better. He wants to work, he wants to be good, he wants to compete. He has all those traits that we look for when it comes to an o-lineman. He's nasty."

- Head Coach Aaron Glenn, 5.10

JOSH REYNOLDS

I would say the environment is new, but the system is not as new because he's been around it. He's been huge as far as the communication with the other receivers on, 'Man, this is what we're trying to create.' And that is a valuable, valuable

thing to me and to Tanner (Engstrand) that we have a guy that's been a part of it that understands every detail within this system has got to be on point. So, yes, the environment is different, but when it comes to what we do, what we're about, he understands exactly what we're trying to do.

- Head Coach Aaron Glenn, 7.24

JEREMY RUCKERT

"That's another player that I think he's improved quite a bit. That's another player, actually, that I had a chance to talk with face-to-face and told him about the things that he needs to improve on. He wants to be good. He comes from a really good program, and we have a number of guys from that program. And I've stressed him pretty hard throughout this camp because I think there's a lot of meat on the bone with that player. Good size, long arms. I think he can help us in the passing game. Obviously, he's going to be a really good blocker for us, but there's some technical things that he had to improve on, and he's doing everything he can to improve on those things."

- Head Coach Aaron Glenn, 6.3

JAMIEN SHERWOOD

"Really, really good communicator. He can run, he has coverage ability, and you just watch him on tape and the way that he talks and reacts to all the players around him, and the way the players react to him lets you know he is a true quarterback of the defense, and we want to make sure we have that on defense. So, getting him was critical for us to continue to build this defense."

- Head Coach Aaron Glenn, 3.31

BRANDON STEPHENS

"B-Steve has played at a high level. He knows what it takes to win. Obviously, they did it every year in Baltimore. So, he's bringing that to us, just that mindset, the work ethic. He's a great corner, can play man, can play zone, can do all those things, and so there's nothing stopping us from being that trio and being kind of that best in the League."

- Cornerback Michael Carter II, 6.12

QWAN'TEZ STIGGERS

"He has really good coverage ability. He's tough. He understands where he needs to be in zone, and you just see him mature from OTAs to now. It's been really good, and I told him that the other day actually, that he's really improving. And, listen, don't rest on your laurels right now."

- Head Coach Aaron Glenn, 8.1

MASON TAYLOR

"The bloodlines of him understanding football, that stands out. His ability to block and be a receiving threat is something that stood out on tape. Listen, he's going to come in, he's going to compete, and I think he's going to do a good job for us."

- Head Coach Aaron Glenn, 4.25

"There's nothing different than what we saw when it came to what we saw in college. I told you guys from the beginning, the thing that impresses me about him is his ability to block. So, the receiving skills, listen, that doesn't surprise me, I know he can do that. His blocking, I know he can block, but I didn't think it was going to be this good. So, I'm excited to see how he matures when it comes to camp on how we want to do things as far as that is concerned."

- Head Coach Aaron Glenn, 7.25

JOE TIPPMANN

"Joe's been great. He's done a phenomenal job in there, setting the huddle, making the Mike points, making the calls, getting the O-line going the right way. That's one thing that we're kind of noticing as we go is it looks like things are coordinated up front. We're going, we're targeted properly, we're going to the right guys, whether it's in the run game or the pass game, and he's done a nice job with that."

- Offensive Coordinator Tanner Engstrand, 6.11

TYROD TAYLOR

"Well, I think the most important part is if anything does happen to Justin, I don't think there is any drop-off as far as what we want to do when it comes to play call. Very similarly when we talked about skill set, so that was enticing for us. And then the leadership ability, the things that we heard about him. I played against him before and you could just tell the players really gravitate to him. When he says something, everybody really listens, even the coaching staff because he's been around this League a long time and he knows what it takes to win, and he's a really good person."

- Head Coach Aaron Glenn, 7.24

ALIJAH VERA-TUCKER

"Man, he's a great player, and hopefully at some point we can try to talk and get something done. But absolutely he is. I mean he's one of those guards that can do a lot as far as run off the ball for us, pass protect. He's a big, strong man that's been critical for how we want to play offensive football. But absolutely, he is one of those guys."

- Head Coach Aaron Glenn, 7.24

QUINCY WILLIAMS

"I told Quincy when he first came and met with me, there are some things that I want him to work on, and he is doing everything he can to get better at those things. Listen, I don't lie to players, and he's a really good player, but there's also some things that he's got to get better at, and he understands that. That just goes to show you the sign of a really, really good player because they're OK with criticism, and in this League, even the best players get criticized, but they want to be, too, because they want to be better. And he's one of those guys that wants to be better."

- Head Coach Aaron Glenn, 6.3

"Listen, I love every player that we have on this team, and he's a guy, I'm just real attracted to players like him. And when it comes to defense, again, he's tough, he's physical. Man, he has an edge to him that I like. Nothing brings him down. He's always ready to go and he's going to have a really good season for us with some of the things that we're going to do with him. And he's a leader by his ability to talk and get guys going, but it's the way that he plays that he

leads more than anything. He is always on go. Always on go, and you guys have seen that from the way he goes out there and plays, so I love that player. I love everything about him. He fits everything that I want to do when it comes to defense. I expect him to have a really good year. "

- Head Coach Aaron Glenn, 8.1

QUINNEN WILLIAMS

"Quinnen is a beast and it's a dream come true to be able to play with a guy like that and I just can't wait to be able to line up to him on game day and make plays with him and then, just get this defense going. So, I think Quinnen is a standup guy and I'm really excited to work with him this season."

- Defensive Lineman Jay Tufele, 6.10

"I played at Auburn for three years, he went to Bama. I look at him and just be physical and kicking [expletive]. But being around him more it's like, oh, this dude is really, fundamentally, his moves are so calculated and quick. So, that's what I'm shocked about. I'm like, 'Damn.' I'm thinking he's just going off of power, but it's very detailed and very calculated, so I'm really trying to learn that and take that and try to implement that in my game. "

- Defensive Lineman Byron Cowart, 7.28

GARRETT WILSON

"What he can do with the ball in his hands is special. His body control, the way he tracks the ball is special. And just as far as his potential, I think we've only seen just a small clip of what he can do. He wants to continue to keep playing in this system, and growing within himself in this League. He's one of the most talented receivers across the board, if not the best, in my opinion, from what he can do. So, looking forward to him having a great year, and to him having a hall-of-fame type career."

- Quarterback Tyrod Taylor, 7.25

"Yeah, right when he touched the field as a freshman, I mean he stood out, and you knew he was going to be different. It's kind of cool, me seeing his journey from then to now. You know, he's done nothing but dominate on the field, and bigger than that, he's an even better person."

- Quarterback Justin Fields, 7.23
