OTTOBRE 2013

Introduzione

Questo armoriale è una raccolta di stemmi delle famiglie nobili o notabili della Valle d'Aosta.

Le armi qui illustrate appartengono sia a famiglie originarie della valle, sia a casati che, a vario titolo, furono significativamente presenti nel territorio del ducato di Aosta.

Per quanto riguarda gli stemmi, le fonti sono:

- *Il Patriziato Subalpino*, di Antonio Manno, disponibile in rete al sito www.vivant.it;
- *Le Nobiliare du Duché d'Aoste*, di Jean-Baptiste de Tillier, nell'edizione a cura di Andrea Zanotto, Aosta, 1970.

Per le famiglie di origine transalpina, è stato utilizzato l'*Armorial et Nobiliaire de l'ancien Duché de Savoie*, a cura di Amédée de Foras.

I feudi sono stati ricavati dal *Dizionario Feudale* di Guasco di Bisio.

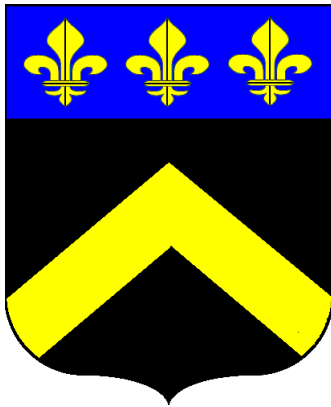

Di ogni famiglia vengono indicati:

- lo stemma (o gli stemmi, nel caso le due fonti citate non concordino: **M** indica Manno, **DT** De Tillier);
- la provenienza;
- i feudi eventualmente posseduti.

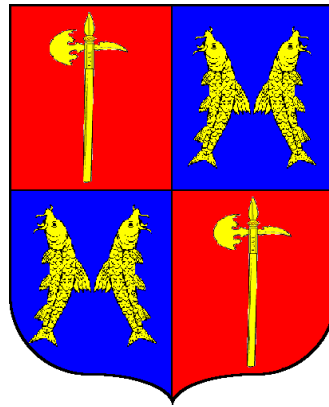

indica che uno o più personaggi della famiglia è stato insignito dell'Ordine dell'Annunziata.

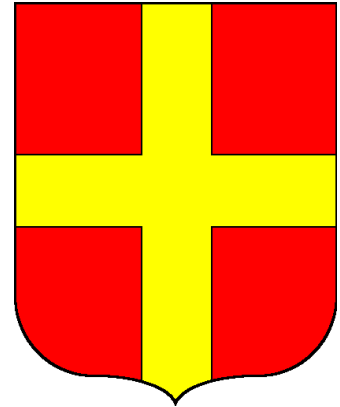

Nel *Nobiliaire* De Tillier cita numerose altre famiglie nobili, di cui non è noto lo stemma. Se ne ricordano qui solo alcune: Barmaz, Brochery, Casalet, Chamlaurensal, Frieur (Frior), Gyppaz, d'Hérères, Malluquin, Plouves (de Plovio), Sorelley, de Turrilia.
